CIRCULAR

A system of combined morning assembly of all discipline is being followed at various Centres with a view to ensure attendance of the athletes. Considering the fact that every athlete and coach is now given facial attendance and many FOPs are located at different locations the combined morning assembly shall be discontinued with immediate effect.

It is also brought to the notice that athletes are lined up and hold to receive the visiting dignitaries which is affecting their regular training. It will be more appreciable that dignitaries should watch training without disturbing the training. If there is a program of interaction of dignitaries with athletes, it must be during non training hours, in consultation with head coach and athletes should be informed well in advance. Hence, this practice of lining up and waiting to receive shall immediately be stopped.

It is also directed that the achievement of athletes and the test results are to be updated on NSRS on a regular basis.

This is issued with the approval of Director General, SAI
