

# SPORTS AUTHORITY OF INDIA

“EXPRESSION OF INTEREST”

EOI for Development of Khelo India Rising Talent Identification  
(KIRTI) Portal

EOI No. 01-25014/12/2024-HO - KITD

Date of Publication: 09.12.2024

**SPORTS AUTHORITY OF INDIA (SAI)**  
1<sup>st</sup> Floor, SAI, HQ, JLN Stadium, Entry no 10, Lodhi  
Road, New Delhi

## A. DISCLAIMER

1. The information contained in this Expression of Interest Document (hereinafter known as **"EOI Document"**) or subsequently provided to Bidders in documentary form by or on behalf of Sports Authority of India (**"SAI"**) or any of their representatives, employees, or advisors (collectively referred to as **"Representatives"**), is provided to Bidder(s) on the terms and conditions set out in this EOI Document and any other terms and conditions subject to which such information is provided.
2. This EOI Document is not an agreement nor an offer or invitation by SAI and/or its Representative(s) to any party other than the entities, who are qualified to submit their Proposal (**"Bid"**). The purpose of this EOI Document is to provide the Bidder with information and to take suggestions and Recommendations. This EOI includes statements, which reflect various assumptions and assessments arrived at by SAI in relation to the Project/Event. Such assumptions, assessments and statements do not purport to contain all the information that each Bidder may require. This EOI Document does not purport to contain all the information each Bidder may require. This EOI Document may not be appropriate for all persons, and it is not possible for SAI and/or its Representatives to consider the investment objectives, financial situation and particular needs of each party who reads or uses this EOI Document. Each Bidder should, therefore, conduct their own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the information in this EOI Document and wherever necessary, obtain independent advice from appropriate sources.
3. This EOI contains information about the scope of work and the qualification process for the selection of the Bidder. The purpose of this EOI is to provide interested parties with information to facilitate the formulation of their bid pursuant to the Bid notice.
4. SAI and/or its Representatives make no representation or warranty and shall incur no liability under any law, statute, rules or regulations as to the accuracy, adequacy, correctness, reliability or completeness of the EOI.
5. Information provided in this EOI to the Bidder(s) is on a wide range of matters, some of which may depend upon interpretation of law. The information given is not intended to be an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. SAI accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on law expressed herein.
6. SAI and/or its Representatives make no representation or warranty and shall incur no liability under any law, statute, rules or regulations as to the accuracy, adequacy, correctness, reliability or completeness of the EOI Document.
7. SAI and/or its Representatives may in their absolute discretion, but without being under any obligation to do so, update, amend or supplement the information in this EOI Document.
8. The Authority reserves the right to, but without being under any obligation to do so, amend or supplement the statements, information, assessment or assumptions contained in this bid at any time during the bidding process by way of revision, deletion, update or supplement and annulment through issuance of appropriate addendum as the Authority may deem fit without assigning any reason thereof.
9. No objections raised by any Bidder(s) or any third party to such changes/ modifications/ additions/alterations as provided above, whether explicit or implicit, shall be entertained.

## EOI for Development of Khelo India Rising Talent Identification (KIRTI) Portal

Any such objection by the Bidder shall make the Bidder's Bid liable for rejection by the Authority.

10. The Bidder shall bear all its costs associated with or relating to the preparation and submission of its Bid including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by SAI or any other costs incurred in connection with or relating to its Bid. All such costs and expenses will remain with the Bidder and SAI shall not be liable in any manner whatsoever for the same or for any other costs or other expenses incurred by a Bidder in preparation or submission of the EOI response, regardless of the conduct or outcome of the Bidding Process.
11. The Authority reserves its right to withdraw from the process at any stage of the process and/or modify the process or any part thereof or to vary any terms at any time or stage without assigning any reasons whatsoever. In such an event, no financial obligation of whatsoever nature shall accrue to SAI or any of its respective officers, employees, advisors or agents.
12. This EOI supersedes and replaces any previous public documentation & communications, and Bidders should place no reliance on such communications. The Bidders shall bear all its costs associated with or relating to the preparation and submission of proposal pursuant to this EOI.
13. **Eoi is being floated to invite proposals from the eligible bidders and to help interested parties to understand Scope of Work/ToR. Further to this Eoi, an RFP will be floated by SAI.**

# EOI for Development of Khelo India Rising Talent Identification (KIRTI) Portal

## B. ABOUT SPORTS AUTHORITY OF INDIA

Sports Authority of India (SAI) was set up as a Society registered under the Societies Registration Act 1860 in pursuance of the Resolution No. 1-1/83/SAI dated 25th January, 1984 to carry forward the legacy of the IXth Asian Games held in New Delhi in 1982, under the Ministry of Youth Affairs and Sports (MYAS). SAI has been entrusted with twin objectives of promoting sports and achieving sporting excellence at the National and International level.

## C. BACKGROUND

This EOI is only illustrative in nature and all narrations are intended to be used by the Bidder as preliminary background information. This EOI does not necessarily contain all the relevant information in relation to the Bid process and SAI reserves the right to withdraw the EOI and/or add, amend, review the requirements or information contained in this EOI at any time prior to the submission.

## D. NOTICE INVITING EOI

Sports Authority of India, (hereafter referred as “SAI”) an autonomous organisation established under the Ministry of Youth Affairs & Sports, Government of India, invites Online Bids from interested firms to associate with SAI as a Technology Development agency for development of KIRTI portal under Khelo India scheme.

SAI, through the Khelo India Rising Talent Identification (KIRTI) program, has taken a vital step in developing an integrated sports talent identification digital infrastructure supported by global standard scientific talent identification mechanism. The program targets school children aged between 9 and 18 years to carry out on-ground sports talent scouting and assessment through scientifically designed battery of tests, backed by a strong Information Technology and Data analytics platform for fair and transparent talent identification process. .

The detailed scope of work and deliverables are mentioned in [ANNEXURE 'I'](#), Terms of Reference for the Services (TOR), of this EOI.

## E. BID SCHEDULE

The Schedule is as follows:

|                                  |   |
|----------------------------------|---|
| Date of Release                  | 09.12.2024  |
| EOI document download start Date | 09.12.2024  |
| Submission end date and time     | 19.12.2024  |
| Bid Validity Period              | 90 days   |
| Mode of submission               | Through Email only.<br>Bidder should submit their Bid responses in a Single-packet bid to<br>Email ID at <a href="mailto:kirtikheloindia@gmail.com">kirtikheloindia@gmail.com</a> |
| Details for correspondence       | Officer Designation: Assistant Director<br>Email ID: <a href="mailto:kirtikheloindia@gmail.com">kirtikheloindia@gmail.com</a><br>Address: KITD, Ramp 4, JLN Stadium, New Delhi    |

## EOI for Development of Khelo India Rising Talent Identification (KIRTI) Portal

SAI reserves the right to vary or discontinue the process or any part thereof at its absolute discretion at any point of time.

## ANNEXURE 'I' | TERMS OF REFERENCE (TOR) (PROPOSED)

### 1. General

The Khelo India Rising Talent Identification (KIRTI) program is a nationwide initiative launched by the Government of India to identify and nurture young sporting talent across the country. Aimed at children aged 9 to 18, KIRTI seeks to foster a robust sports culture and elevate India's standing in global sports.

#### 1.1 Model and Approach:

- **Talent Assessment Centres (TACs):** Under KIRTI, Sports Talent assessments of children are conducted at numerous TACs nationwide through systematic assessments of young athletes. These centres utilize standardized protocols to evaluate various physical and skill-based parameters that are relevant for different sports disciplines.
- **Information Technology Integration:** The program leverages advanced IT tools, with integrated data analytics and Artificial Intelligence features, to ensure a transparent and merit-based sports talent selection process. This technology-driven approach aids in accurately identifying potential talent.
- **Decentralized Talent Scouting:** By reaching out to diverse regions, including remote and rural areas, KIRTI ensures that talent identification is inclusive and comprehensive, leaving no potential athlete overlooked.

#### 1.2 Future Goals:

**Through KIRTI program, it is envisaged to identify potential sports talent at a very young age, to nurture them to win medals for the country at international level.** The overarching objective is to position India among the top-10 sporting nations by 2036 and among the top-5 by 2047. This aligns with the broader vision of transforming India into a global sports powerhouse.

By systematically identifying and nurturing young talent, KIRTI aspires to create a sustainable pipeline of athletes who can be nurtured to excel at national and international levels, thereby positioning India in the league of Top Sports Nations.

### 2. Preface

Project KIRTI has been envisioned to achieve the goal of tapping the untapped sporting talent and to develop a strong sporting culture among the citizens. Through KIRTI, it is envisaged to expand the national talent identification framework's reach to all parts of India, including its grassroots, and effectively integrate it with the national sports development ecosystem. This pyramidal talent identification mechanism will act as a talent pool with large number of feeder athletes for further progression to various state and national sports schemes and initiatives.

KIRTI IT Project will be an umbrella project that involves:

- a) Development of a Web portal and an integrated Mobile App for the implementation, management and monitoring of the KIRTI program;

## EOI for Development of Khelo India Rising Talent Identification (KIRTI) Portal

- b) Seamless Integration of the National Sports Talent Search (NSTS) portal with KIRTI platform, enabling the creation of a unified talent assessment and identification, leveraging existing data and methodology;
- c) Integration of FIT India Portal and Mobile app with KIRTI platform;
- d) Integration of KIRTI with National Sports Repository System (NSRS) Portal to create and maintain a centralized data repository for the identified talents, in addition to the database of existing athletes, coaches and other sports stakeholders. Integration with eKhelapathshala portal to give the users access to relevant content that could be useful for them to participate in the program;

### 3. Objective

The KIRTI program has been envisioned to streamline the grassroots talent identification process across the country and its integration through a robust digital architecture based on modern ICT tools and global best practices.

The operating principle of KIRTI is its athlete-centric approach wherein at each step of the Talent Identification process has been made accessible as compared to the existing programmes.

### 4. Tentative Modules for Website and Mobile Applications (Android and iOS)

Target Devices:

- Native Android Application with updates to be compatible with newer versions of the OS and devices and features as mentioned below;
- Native iOS Application with updates to be compatible with newer versions of the OS and devices and features as mentioned below;
- Web Application with features as mentioned below;
- AI-enabled Talent Test and Assessment Process;
- API Integration with MYBharat Portal and CBSE Portal.

#### 4.1 KIRTI Landing page

The KIRTI website and mobile application should provide comprehensive information about the program and important features of the program including:-

- Eligibility criteria;
- Stages of Assessment and types of tests conducted for each sports discipline;
- End-to-end manuals for program implementation for relevant stakeholders including program users, assessors, etc.,
- Program plan including the list of sports, upcoming dates of the assessment, city and venue details, etc.;
- Information on the application process;
- Key Figures of the program implementation;
- Key Resources including implementation and participation manuals, Report card format, etc.;

The website/app should be built considering relevant IT laws, regulations and guidelines including the Guidelines for Indian Government Websites and Apps and, have various pages and features including: About the Program and its vision, upcoming events and details, , Venues, Media and Gallery, Social Media Handle Updates, Chatbot for FAQs, Registration link via MyBharat Portal and other modes, About the organisation, Contact Details/Help

## EOI for Development of Khelo India Rising Talent Identification (KIRTI) Portal

Desk Numbers, Active Notice Board and announcements, SSO-based login, Mobile number-based authentication, Privacy Policy, Data usage guidelines and consent

### 4.2 Registration Pages and Profile Pages

#### 4.2.1 Registration Page for Athlete:

- The athlete registration system should allow self-registration through Aadhaar-based authentication, including login with an existing MyBharat profile.
- Essential athlete details, outlined, including those for lateral entry, will be captured.
- Upon registration, athletes will receive a unique, auto-generated KIRTI ID, displayed on a digital ID card with critical information including Name, Father's Name, DOB, Blood Type, Current Location, Phone Number, and a QR Code for easy of access to the profile of the athlete.
- This digital ID of the registered athlete will be integrated with DigiLocker for ease of authentication and storage of data.
- Athletes can log in to review and modify their profiles until a cut-off date set by SAI.
- Notifications about assessment venues and dates will be displayed on the website, mobile apps and, will also be communicated to the athletes through email and SMS.
- Once venues are finalized, the data of the athlete, along with preferred locations, will be shared with coordinators across various levels. Additional information data fields may be added as and when required.

#### 4.3 KIRTI Admin Team Interface:

A robust admin interface will provide role-specific dashboards tailored for different stakeholders, including athletes, assessors, and coordinators. Admins will have the ability to create and manage users, oversee operations, and ensure smooth functioning across different levels. This system will promote transparency and accountability while allowing flexibility in user management.

#### 4.4 User Access Control Matrix

Stakeholders involved in the program implementation including the states, districts, venues operators and other subgroups will also be provided with a dashboard to enable them to view their relevant data. The concerned agency should provide designs of interactive and real-time dashboards out of which SAI would indicate its preference for all the above users including their respective levels of access.

| District Level               |     |                                  |                                     |                           |                              |                          |          |         |   |          |
| Venue Level                  |     |                                  |                                     |                           | Own<br>States                | State                    |          |         |   |          |
| Assessor<br>Level            |     |                                  |                                     |                           |                              |                          | District | Venue   |   | Assessor |
| Athlete Level                |     |                                  |                                     |                           |                              |                          |          |         |   | Own      |

### 4.5 Assessment Modules

The portal will include dedicated modules for conducting and managing on-ground assessments. These tools will enable assessment data collection, test administration, and real-time result of the participant uploaded based on their KIRTI ID. This will enable in streamlining the evaluation process, reducing manual interventions and ensuring the accuracy of results, which will be accessible immediately to relevant stakeholders. Provision should also be made for the relevant stakeholder to download the data they have access to in different file formats. To facilitate the assessors who are carrying out assessments from remote places with limited access to the internet, the assessment modules shall have the feature to support offline data capture during the assessment and the data can be automatically uploaded to the online database when the assessor's device gets connected to the internet. The platform may also have the feature to capture the location of the assessment for validation and for records.

### 4.6 Dashboards and Analytics

The results that are uploaded shall be used to create customizable dashboards to offer real-time insights and analytics for relevant stakeholders, such as athletes, venue coordinators, and district/state administrators. These dashboards will provide an overview of key performance indicators, and facilitate data-driven decision-making. Advanced analytics tools will allow comparisons and predictions, enhancing the efficiency of talent identification. In addition to the analytics, necessary mechanism should be put in place to trigger/alert relevant stakeholders as and when certain performance parameters are achieved by the participants who are assessed in a venue/centre within their area of focus.

### 4.6.1 AI-Enhanced Test and Assessment Process

- AI-driven tools: Improve the accuracy, efficiency, and consistency of the assessment process.
- Assessment video capture and AI analysis: Automate the test assessment process, generation and updating of results and therefore reducing manual data entry and errors.
- Consistent and accurate metrics: Ensure critical metrics like height, weight, and test scores are reliable.
- Standardized evaluation criteria: Establish uniform and fair assessment practices across different sports disciplines.
- Automated data entry: Minimize manual input, enhancing data quality and streamlining the process.
- Centralized reporting system: Provide easy access to comprehensive athlete performance reports for valuable insights and tracking.
- Primacy to Video processing: Due to the large scale of assessments being planned, AI should be used for assessments, providing accurate results and further provide assistance in identifying outliers and shortlisting to further stages.

## 5. Integration of KIRTI with existing Portals and Apps

### **National Sports Talent Search (NSTS):**

Integration with the NSTS portal will ensure a unified system for talent assessment and development. This connection will help in leveraging existing data and processes, making it easier to identify and track emerging talent across the nation.

### **Khelo India Fitness Platforms:**

The integration will link KIRTI with fitness platforms under Khelo India, enhancing physical assessment and fitness tracking. Schools and assessors will benefit from tools to upload and analyze fitness data, fostering a comprehensive approach to athlete development.

### **Fit India Movement:**

By integrating with the Fit India Mobile App, KIRTI will extend its reach to include general fitness and well-being metrics. This synergy will promote a holistic fitness culture, benefiting athletes and the wider community.

### **National Sports Repository System (NSRS):**

The NSRS integration will provide a centralized data repository for athletes, coaches, and sports administrators. This system will streamline data management and provide a single source of truth, improving coordination and efficiency in athlete development programs.

## 6. Overall Design Considerations

### **Scalability & Performance:**

The platform will be designed to handle high user volumes and diverse operational requirements across India. It will support multiple Indian languages and offer offline functionality to ensure seamless access in low-connectivity areas. The system's architecture will allow for easy scalability to meet increasing demands.

### **Data Security & Compliance:**

KIRTI will adhere to strict data security protocols and comply with Government of India guidelines. Sensitive data, especially for minors, will be protected through robust encryption and access control measures. Regular audits and compliance checks will ensure ongoing data integrity and privacy.

### **User Experience & Accessibility:**

A user-centric design will ensure that the platform is intuitive and accessible to users with varied technical proficiency. Simplified navigation, responsive design, and adaptive interfaces will enhance usability. Features like low-bandwidth optimization and offline access will further improve accessibility, especially in rural and remote areas.

### 6.1 Hosting Servers

- a. Hosting of the application on servers can be on NIC servers or any other MEITY Empanelled Cloud Service Providers. Further, the developed application audit should mandatorily undergo security audit by a NIC empanelled agency.
- b. The hosting server should be able to handle a large amount of traffic during peak registration and result checking period. Charges for Security Audit to be borne by the Agency.
- c. It will be the responsibility of the agency to host the entire web application, mobile applications, database and other consequent components in its own servers till the applications are hosted on the NIC Server.
- d. Any necessary software's that are incidental and necessary for the creation, running, upgradation and maintenance of the project needs to be a purchased version and the said purchased licenses needs to be transferred to NIC Servers.

### 6.2 Data Security

The portal needs to follow all the checks and guidelines by the current Information Security Policies, Laws, Guidelines, et al. (The indicative compliance and audits are presented at Point 7)

There should be implement strict data privacy measures for athletes, instructors, and administrators by hosting the data within the secure SAI domain, fully compliant with data protection norms. The portal must adhere to the highest standards of data ownership, safety, and privacy, particularly for athletes under 18, to align with legal and ethical norms.

All data collected, processed, and stored as part of the KIRTI portal development and operation shall remain the exclusive property of the Sports Authority of India (SAI). The Bidder is strictly prohibited from using the data for any purpose other than the execution of the project. Upon the completion or termination of the contract, the Bidder must securely transfer all data to SAI in the format specified by SAI, ensuring that no residual copies of the data are retained by the Bidder. In the event of a data breach or suspected security incident, the Bidder is required to notify SAI within 24 hours of detecting the issue. A detailed incident report, including the remedial measures taken to address the breach, must be provided to SAI within seven days of

the incident. Additionally, the Bidder shall bear all costs associated with mitigating the breach and compensating for any damages resulting from the incident, ensuring that SAI is fully supported in managing the consequences of the breach.

### 6.3 Upgradation, Maintenance and Technical Support

The application must be scalable for multiple facilities for a Pan India wide user base with varied devices and bandwidth. It needs to be periodically updated and need to be maintained continuously during peak time, i.e. during registrations with necessary tools implemented to monitor the platform's performance and optimize it for the large user traffic and data volume.

Post development, a team may be deployed to maintain (enhancement/feature additions, fixes, access privileges of the app), cleanse, format and load data/content, and any other activities related to the application (web, android, IOS, DB and all associated elements of the application). A clear schedule for periodic updates and upgrades should be provided along with the scope of the enhancements. High uptime guarantee as per industry standards shall be given to ensure the availability of the portal and the app with minimum or negligible downtime. To support with training all relevant stakeholders on the functionality of the portal and mobile applications.

### 6.4 Compliance with Government of India Website Guidelines

The website/mobile application should comply with all the Government of India Guidelines.

## 7. Indicative Compliance and Audits

The software developed must adhere to and ensure the following compliances

- GIGW 2.0 (Guidelines for Indian Government Websites) guidelines;
- WCAG 2.0 (Web Content Accessibility) guidelines;
- Open web Application Security Project OWASP mobile security guidelines;
- The Web Application Security Consortium (WASC) Guidelines;
- General Data Protection Regulation (GDPR);
- PCI-DSS complaint as appropriate;
- Reasonable Security Practices and Procedures and Sensitive Personal Data or Information Rules, 2011 and the Personal Data Protection Bill, 2019 as applicable;
- Common Vulnerabilities and exposure guidelines;
- Common Weakness and enumeration guidelines;
- Open-Source Security Testing Methodology;
- Admin, Audit, Network and Security (SANS) Guidelines where applicable;
- Compliance to all the statutory and regulatory laws applicable in related areas in India;

The KIRTI software developed must be audited and certified as below:

- Security audit by CERT-IN (Computer Emergency Response Team India) certified agency, every year;
- STQC /CQW certification;
- SSL certificate on VM(s);

## 8. GOVERNING LANGUAGE AND LAW

The EOI submitted by the Bidder and all subsequent correspondence and documents relating to the EOI exchanged between the Bidder and SAI shall be written in the English language. However, the language of any printed literature furnished by a bidder in connection with its EOI may be written in any other language provided a translation accompanies the same in the EOI language. For purposes of interpretation of the EOI, translation in the language of the EOI shall prevail i.e., English.

The EOI process shall be interpreted under the laws of the land. It shall be subjected to the exclusive jurisdiction of courts of New Delhi.

Languages: the Portal/App should support English & Hindi languages

## 9. CERTIFICATE

Issuance of an eCertificate to the athlete with their performance parameters recorded through the portal/app

## 10. CONFLICT OF INTEREST

Bidder shall furnish an affirmative statement as to the absence of, actual or potential conflict of interest on the part of the Bidder or any subcontractor due to prior, current, or proposed contracts, engagements, affiliations, ongoing/previous/pending cases with SAI. Additionally, such disclosure shall address any and all potential elements that would adversely impact the ability of the Bidder to complete the requirements as given in the EOI or adversely influence his actions. It shall be the responsibility of the Bidder to inform SAI, detailing the conflict in writing as an attachment to this Bid. SAI will be the final arbiter in cases of potential conflicts of interest. Failure to notify SAI of any potential conflict of interest will invalidate any verbal or written agreement.

## 11. COMPLIANCE WITH LEGAL AND REGULATORY STANDARDS

The Bidder is required to ensure full compliance with all relevant laws, regulations, policies, and guidelines that govern data protection, cybersecurity, and digital infrastructure in India. The said compliance includes, but is not limited to the Information Technology Act, 2000, Guidelines for Indian Government Websites (GICW) 2.0, and any and every relevant guidelines being issued by Ministry of Electronic and Information Technology (MeitY).

Further, given the sensitive nature of the data being collected for minors aged 9 to 18 under the KIRTI program, the Bidder must implement stringent data protection measures to ensure the privacy and security of all personal information. This includes the use of robust encryption mechanisms for both the storage and transmission of sensitive data, ensuring that all data is securely handled and protected from unauthorized access. Additionally, the Bidder must establish a role-based authorization system to restrict access to the data, ensuring that only authorized personnel can view or manage the information based on their specific roles and responsibilities. Furthermore, the Bidder must adhere strictly to privacy standards, including obtaining explicit consent from the guardians of minors where required, to ensure compliance with data protection regulations and respect for the rights of the individuals involved. These measures are essential to maintain the confidentiality and integrity of the data collected for the KIRTI program.

## **12. INTELLECTUAL PROPERTY RIGHTS**

The Bidder shall ensure that all intellectual property rights related to the development of the KIRTI portal, including the developed solution, source code, and any other related intellectual property (IP), shall vest exclusively with the Sports Authority of India (SAI). This includes, but is not limited to, all custom software, designs, algorithms, methodologies, and documentation created as part of the project. The Bidder shall transfer to SAI full ownership rights to the source code and any associated intellectual property upon completion of the project, without any further claim of ownership or use.

In the case where third-party software, libraries, or tools are used as part of the solution, the Bidder shall provide a transfer of perpetual, royalty-free licenses for such third-party software to SAI. This shall ensure that SAI has full rights to use, modify, and distribute the third-party components for the intended purpose of the KIRTI portal. Furthermore, the Bidder shall not incorporate or use any proprietary components, including software, algorithms, or data, that cannot be legally transferred to SAI or cannot be licensed to SAI in a manner that would allow full use, modification, and distribution. Any proprietary software or third-party components used must be clearly identified, and the Bidder must ensure that SAI is granted the necessary licenses and rights to utilize them without restrictions.

# EOI for Development of Khelo India Rising Talent Identification (KIRTI) Portal

## ANNEXURE II' | SUGGESTIONS/RECOMMENDATIONS ON TOR

(On Bidder's Letter Head)

ANNEXURE 'IV' | POWER OF ATTORNEY

(Note- Board resolution in case of company)

Know all men by these presents, we, **[Name of Firm]**, having our registered office at **[Address of the Registered Office]**, do hereby constitute, nominate, appoint, and authorize Mr./Ms. **[Full Name of Authorized Representative]**, son/daughter/wife of **[Name of Parent/Spouse]**, presently residing at **[Address of Representative]**, and currently employed with us in the position of **[Designation of Authorized Representative]**, as our true and lawful attorney (hereinafter referred to as the "Authorized Representative") to act in our name and on our behalf to do all such acts, deeds, and things as are necessary or incidental in connection with or incidental to the submission of our proposal for **[Name of Project/Engagement]** with the Sports Authority of India (SAI). Without limiting the generality of the foregoing, the Authorized Representative is specifically empowered to sign and submit all applications, proposals, and other required documents and writings in connection with the proposal; participate in pre-proposal conferences or other discussions and provide necessary information and responses to SAI; represent us before SAI in all matters concerning the proposal; sign and execute contracts, undertakings, and agreements upon the acceptance of our proposal and facilitate all necessary formalities; and engage with SAI on all matters arising from or related to our proposal, including the execution of an agreement upon the award of the engagement.

We do hereby agree to ratify and confirm all acts, deeds, and things lawfully done or caused to be done by our said Authorized Representative pursuant to and in the exercise of the powers conferred by this Power of Attorney. All acts, deeds, and things so done by our said Authorized Representative shall always be deemed to have been lawfully and validly done by us.

**IN WITNESS WHEREOF**, this Power of Attorney has been executed by the undersigned on this [Date] at [Location].

For .....  
(Signature, name, designation, and address) Witnesses:

- 1.
- 2.

Notarized Accepted

.....  
(Signature, name, designation, and address of the Attorney)

Notes:  
The mode of execution of the Power of Attorney should be in accordance with the procedure, if any, laid down by the applicable law and the charter documents of the executant(s) and when it is so required the same should be under common seal affixed in accordance with the required procedure. The Power of Attorney should be executed on a non-judicial stamp paper of INR 100 (Hundred) and duly notarized by a Notary Public.
