			the previous RFP dated: 11-02-2022, it was mentioned that "maximum two packages can be allocated to one bidder". Being the current RFQ is for the rest of the Clusters 1-4, we request in the interest of the Agencies, and as per the previous RFQ from SAI to exclude the Awarded bidder(s) from participation as they have already been allocated with two clusters. This will help other bidders to bid for winning to have a healthy competition. Hope the SAI will give us the positive response.
