Implementation Guidelines for Khelo India Centres (KIC's)

Dated: 29-06-2020

This document details the broad guidelines of onboarding Sports training Centres run by Past Champion Athletes / Organisations aimed at spreading culture of sports.

Khelo India Centres (Small level) –Guidelines

1. Preface

State Level Khelo India Centre (SLKIC) is one of the 12 verticals under the revised Khelo India – National Programme for Development of Sports Scheme which envisages establishment of State Level Khelo India Centers (SLKICs) across the country to maximize the utilization of Sports infrastructure. SLKICs will be implemented at mega, medium and small level to ensure better utilization of sport infrastructure throughout the country.

In order to augment the utilisation of existing sports infrastructure available at schools/ organisations / eligible agencies at the block/district level, it is proposed to have small Khelo India Centres to strengthen the sports ecosystem at the grassroots level. A low-cost, effective sports training mechanism has been worked out wherein "Past Champion Athletes" would become coaches and mentors for youngsters, run the sports training centre in an autonomous manner and earn their livelihood. Initial and annual support will be provided to willing past champions for running sports training / coaching under the Khelo India Scheme.

2. Objective

The "Khelo India Centres" component is aimed at

- a. providing sports training/coaching to willing children
- b. providing sustainable source of livelihood outside the Government set-up to past champion athletes.

The component will have three approaches to implementation –

- a. Conversion of existing 90 SAI Extension Centres into Khelo India Centres
- b. Support to past champion athletes for running their own training centres
- c. Support to organisations promoting sports for at least 5 years
