CIRCULAR

Sub: Policy for Pre Induction Assessment Camps for selection of athletes for SAI NCOEs-reg.

The athletes in NCOEs are inducted on pan India basis through the Talent Identification and Development Committee (TIDC) comprising of eminent Arjuna Awardee Athletes, Dronacharya awardees coaches etc. The TIDC screens athletes from various championships and through selection trial etc. and draws a long list of athletes. This is to be further pruned down after 03-10 days Assessment Camp by TIDC and this process takes some time. However, the pre-induction assessment camps are not held while selecting the athletes for SAI NCOEs. This leads to multiple issues like induction of injured athletes, some athletes do not join and selection of athletes with poor skills not suitable for NCOEs.

Therefore, the Governing Body in its 60th meeting held on 08th August, 2024 has approved holding of assessment camp of minimum of 3 days and a maximum of 10 days as per the Khelo India protocols for final selection of athletes for NCOEs.

The assessment camps may be held annually as the induction calendar for NCOEs has been standardized. The financial norms will be same as stipulated under Khelo India vide Notification dated 24.12.2021 for holding assessment camps (annexed). Further wherever possible, funds through CSR Partners may be utilized for the assessment camps for final selection of athletes for NCOEs.

Hindi version will follow.

(Shiv Sharma)

Deputy Director General
