A. BACKGROUND & PURPOSE

The Internship Programme under the Ministry of Youth Affairs & Sports (MYAS) and its autonomous bodies – Sports Authority of India (SAI), National Anti-Doping Agency (NADA), and National Dope Testing Laboratory (NDTL) – is designed to provide structured, meaningful, and policy-aligned exposure to students, researchers, and young professionals across the domains of sports administration, governance, infrastructure development, legal affairs, information technology, anti-doping science, and allied fields.

This programme serves as a capacity-building initiative aimed at infusing young talent into the broader ecosystem of Indian sports governance and integrity. It provides interns with hands-on experience in athlete-centric schemes and programmes such as Khelo India, Target Olympic Podium Scheme (TOPS), National Centres of Excellence (NCOEs), Fit India Movement, Sports Infrastructure Development, Media & Event Management, as well as specialized exposure to anti-doping education, policy implementation, dope testing, and laboratory-based analytical research.

By aligning with the mandates of MYAS, SAI, NADA, and NDTL, the internship programme not only enhances institutional capacity but also contributes to clean sports, transparent governance, scientific advancement, and youth engagement in shaping India's sporting future.

B. OBJECTIVES OF THE INTERNSHIP PROGRAMME

- To provide qualitative exposure to government functioning and sports governance through the Ministry of Youth Affairs & Sports (MYAS) and its autonomous bodies.
- To enable hands-on participation in flagship schemes and programmes such as Khelo India, Target Olympic Podium Scheme (TOPS), Target Asian Games Group (TAGG), SAI Stadia, Regional Centres (RCs), and National Centres of Excellence (NCOEs).
- To encourage youth engagement, digital fluency, innovation, and entrepreneurship in the administration and promotion of sports, fitness, and athlete support systems.
- To build a pipeline of trained professionals capable of contributing effectively to India's sporting ecosystem in areas such as policy, infrastructure, media, IT, legal frameworks, sports science and sports management.
- To relate different sports science subjects and become familiar with the laboratory tests and equipment and also to provide hands on training in research project development, analysis and interpretation of data in sports science.
- To strengthen the fight against doping in sport by engaging interns in awareness programmes, legal compliance, case management, and policy support under the National Anti-Doping Agency (NADA).
- To provide exposure to advanced scientific and technical processes in sports integrity through internships at the National Dope Testing Laboratory (NDTL), including hands-on experience in sample analysis, research, and laboratory-based anti-doping activities.
- To contribute towards clean sport, transparent governance, and scientific advancement in alignment with international standards and India's commitments to fair play and athlete welfare.

C. SYNERGY WITH NATIONAL SPORTS POLICY

The internship programme is closely aligned with the vision of the National Sports Policy and Khelo Bharat Niti 2025, as well as the specific mandates of SAI, NADA, and NDTL. It contributes to the following national objectives:

§ Sports as a People's Movement – Encouraging wider youth participation, creating awareness on fitness, fair play, and clean sport, and building community engagement through initiatives like Khelo India and Fit India Movement.

- **Strengthening Professional Sports Governance** – Supporting SAI, MYAS, and allied bodies in policy execution, athlete management, infrastructure development, and transparent administration.
- **Youth Engagement in Policy & Implementation** – Actively involving young professionals in key schemes (Khelo India, TOPS, NCOEs, TAGG) and in anti-doping education and outreach led by NADA.
- **Private and Academic Sector Collaboration** – Building structured linkages between MYAS/SAI/NADA/NDTL and universities, research institutions, and private stakeholders for projects, internships, and innovation in sports management and science.
- **Recognition of Innovation and Sports Startups** – Promoting digital solutions, entrepreneurial approaches, and creative strategies in sports events, data systems, and athlete support.
- **Commitment to Clean Sport** – Reinforcing India's obligations under international anti-doping standards by involving interns in NADA's awareness programmes and NDTL's technical/scientific processes for dope testing and research.
- **Scientific Advancement in Sports** – Strengthening capacity in laboratory testing, sports science, nutrition, biomechanics, and data-driven policy through exposure at NCOEs and NDTL.
