1. DISCLAIMER

- 1.1 The information contained in this Request for Proposal (“RFP”) or subsequently provided to Bidder (s), whether verbally or in documentary or any other form by or on behalf of the Authority or any of its employees or advisers, is provided to Bidder(s) on the terms and conditions set out in this RFP and such other terms and conditions subject to which such information is provided.
- 1.2 This RFP is not an agreement or an offer by the Authority to the prospective Bidders or any other person. The purpose of this RFP is to provide interested parties with information that may be useful to them in the formulation of their Proposals pursuant to this RFP (the “Bid”). This RFP includes statements, which reflect various assumptions and assessments arrived at by the Authority in relation to the Project Management Services (PMS). Such assumptions, assessments and statements do not purport to contain all the information that each Bidder may require. This RFP may not be appropriate for all persons, and it is not possible for the Authority, its employees or advisers to consider the objectives, technical expertise and particular needs of each party who reads or uses this RFP. The assumptions, assessments, statements and information contained in this RFP, may not be complete, accurate, adequate or correct. Each Bidder should, therefore, conduct its own investigations and analysis and should check the accuracy, adequacy, correctness, reliability and completeness of the assumptions, assessments and information contained in this RFP and obtain independent advice from appropriate sources.
- 1.3 Information provided in this RFP to the Bidder(s) may be on a wide range of matters, some of which may depend upon interpretation of law. The information given is not intended to be an exhaustive account of statutory requirements and should not be regarded as a complete or authoritative statement of law. The Authority accepts no responsibility for the accuracy or otherwise for any interpretation or opinion on the law expressed herein.
- 1.4 The Authority, its employees and advisers make no representation or warranty and shall have no liability to any person including any Bidder under any law, statute, rules or regulations or tort, principles of restitution or unjust enrichment or otherwise for any loss, damages, cost or expense which may arise from or be incurred or suffered on account of anything contained in this RFP or otherwise, including the accuracy, adequacy, correctness, reliability or completeness of the RFP and any assessment, assumption, statement or information contained therein or deemed to form part of this RFP or arising in any way in this Selection Process.
- 1.5 The Authority also accepts no liability of any nature whether resulting from negligence or otherwise, howsoever caused, arising from reliance of any Bidder upon the statements contained in this RFP.
- 1.6 The Authority may in its absolute discretion, but without being under any obligation to do so, update, amend or supplement the information, assessment or assumption contained in this RFP.

- 1.7 The issue of this RFP does not imply that the Authority is bound to select a Bidder or to appoint the Selected Bidder, as the case may be, for the PMC and the Authority reserves the right to reject all or any of the Bids without assigning any reasons whatsoever.
- 1.8 The Bidder shall bear all its costs associated with or relating to the preparation and submission of its Bid including but not limited to preparation, copying, postage, delivery fees, expenses associated with any demonstrations or presentations which may be required by the Authority or any other costs incurred in connection with or relating to its Bid. All such costs and expenses will remain with the Bidder and the Authority shall not be liable in any manner whatsoever for the same or for any other costs or other expenses incurred by a Bidder in preparation for submission of the Bid, regardless of the conduct or outcome of the Selection Process.
- 1.9 The Authority reserves the right to, but without being under any obligation to do so, amend or supplement the statements, information, assessment or assumptions contained in this bid at any time during the bidding process by way of revision, deletion, update or supplement and annulment through issuance of appropriate addendum as the Authority may deem fit without assigning any reason thereof.
- 1.10 No objections raised by any Bidder(s) or any third party to such changes/modifications/additions/alterations as provided above, whether explicit or implicit, shall be entertained. Any such objection by the Bidder shall make the Bidder's Bid liable for rejection by the Authority.
- 1.11 The Authority reserves its right to withdraw from the process at any stage of the process and/or modify the process or any part thereof or to vary any terms at any time or stage without assigning any reasons whatsoever. In such an event, no financial obligation of whatsoever nature shall accrue to SAI or any of its respective officers, employees, advisors or agents.
- 1.12 This RFP document supersedes and replaces any previous public documentation & communications, and Bidders should place no reliance on such communications. The Bidders shall bear all its costs associated with or relating to the preparation and submission of Proposal pursuant to this RFP.
- 1.13 SAI also accepts 'no liability' of any nature, whether resulting from negligence or otherwise howsoever caused, arising from the reliance of any Bidder upon the statements contained in this RFP.

Further, if successful bidder fails to furnish the required Performance Security and sign the contract / agreement within the period as specified by SAI in the Letter of Intent/ Notification of Award (NoA), its Bid Security/EMD will be forfeited.
 8. The EMD serves as a safeguard for SAI against any misconduct or non-compliance by the bidder. The Bid Security shall be forfeited without any further notice if the bidder withdraws, amends, revises, or modifies its bid in any manner within the bid validity period. It shall also be forfeited if the bidder submits false, misleading, forged, or incorrect information or documents, whether deliberately or due to negligence. Additionally, if the successful bidder fails to furnish the required Performance Security within the specified period or engages in fraudulent practices, misrepresentation, or attempts to unduly influence the bidding process at any stage, the Bid Security will be forfeited. Moreover, non-compliance with any conditions outlined in the tender document, as determined by SAI, shall also result in forfeiture of the EMD
 9. Bid securities of the unsuccessful bidders shall be returned to them before expiry of the final bid validity and latest on or before the 30th day after the award of the contract. Bid securities of unsuccessful bidders during first stage i.e., technical evaluation etc. shall be returned within 30 days of declaration of result of first stage i.e., technical evaluation etc.

I. Financial Bid:

Duly quoted and digitally signed Bill of Quantity (BOQ) in the file supplied by the employer shall be uploaded.

The tenders shall be strictly as per the conditions of contract. Tenders with any additional condition(s)/ modifications shall be rejected.

NOTE: All the documents should be digitally signed.

II. Online Submission of Bids: Bidding through E-Tendering System:

The bidding under this contract is electronic bid submission through website <https://eprocure.gov.in/eprocure/app>. Detailed guidelines for viewing bids and submission of online bids are given on the website. Any citizen or prospective bidder can logon to this website and view the invitation for bids and can view the details of work for which the bid is invited. The prospective bidder can submit bids online; however the bidder is required to have enrolment/ registration in the website and should have valid Digital Signature Certificate (DSC) in the form of smart card/ e-token. The DSC can be obtained from any authorized certifying agencies. The bidder should register in the website <https://eprocure.gov.in/eprocure/app> using

the relevant option available. Then the digital signature registration has to be done with the e-token, after logging into the site. After this the bidder can login the site through secured login by entering the password of the e-token & the user id/ password chosen during registration. After getting the bid schedules, the Bidder should go through them carefully and then submit the documents as asked, otherwise, the bid will be rejected.

The completed bid comprising of documents, should be uploaded on the website <https://eprocure.gov.in/eprocure/app> through e-tendering along with scanned copies of requisite certificates as are mentioned in different sections in the bidding document and scanned copy of bid security.

III. Bid Opening and Evaluation:

- a) The Employer inviting bids or its authorized representatives will open the bids online and this could be viewed by the bidders also online. In the event of the specified date for the opening of bids being declared a holiday for the Employer, the bids will be opened at the appointed time on the next working day.
- b) The file containing the Part I of the bid will be opened first.
- c) In all cases, the amount of bid security, cost of bid documents, processing fee for e-tender and validity of the bid shall be scrutinized. Thereafter, the bidders' name and such other details as the Employer may consider appropriate, will be notified as Part I bid opening summary by the authority inviting bids at the online opening.
- d) Evaluation of Part I of bids with respect to **bid security, qualification information and other information furnished in Part I of the bid**, shall be taken up, and a list will be drawn up of the qualified bidders whose Part II of bids will be eligible for opening.
- e) The result of evaluation of Part I of the Bids shall be made public on e- procurement.
- f) The Employer shall inform the bidders who have technically qualified during evaluation of Part I of bids, of the date, time of online opening of Part II of the bid. In the event of the specified date being declared a holiday for the Employer, the bids will be opened at the appointed time and location on the next working day.
- g) Part II of bids of only these bidders will be opened online, who have qualified in Part I of the bid. The bidders' names, the Bid Prices, the total amount of each bid, and such other details as the Employer may consider appropriate will be notified online by the Employer at the time of bid opening.
- h) Financial proposal with any counter conditions or ambiguous remarks shall be rejected.
- i) The final selection will be based on Lowest Offer i.e. L-1.
- j) In case there is tie i.e. two or more than two bidders quoted the same rate and are lowest then final selection will be based on lottery among the bidders who have quoted the same rate.

IV. Process to be Confidential

Information relating to the examination, clarification, evaluation and comparison of bids and

recommendations for the award of a contract shall not be disclosed to bidders or any other persons not officially concerned with such process until the award to the successful bidder has been announced. Any attempt by a bidder to influence the Employer's processing of bids or award decisions may result in the rejection of his/her Bid.

V.Examination of Bids and Determination of Responsiveness

Prior to the detailed evaluation, Employer shall determine whether each bid is of acceptable quality, is generally complete and is substantially responsive to the Tender documents. For purposes of this determination, a substantially responsive bid is one that conforms to all the documents as specified in the Tender document without material deviations, objections, conditionality or reservation. A material deviation, objection, conditionality or reservation is one:

- a) That affects in any substantial way the scope, quality or performance of the contract.
- b) That limits in any substantial way, inconsistent with the bidding documents, the Employers' rights or the successful Bidder's obligations under the Tender document, or
- c) Whose rectification would unfairly affect the competitive position of other Bidders who are presenting substantially responsive bids.

6. MODE OF SUBMISSION:

As notified in Notice Inviting Tender

- a. Once the bidder has given an unconditional acceptance to the terms and contract conditions, bidder will not be permitted to put any remark(s)/conditions(s) (except unconditional rebate on price quoted, if any) in/along with the tender document.
- b. In case the conditions 3.2 mentioned above is found violated at any time after opening of tender, the tender shall be summarily rejected and SAI shall, without prejudice to any other right remedy, be at liberty to forfeit the Earnest Money Deposit as specified above.
- c. SAI reserves the right to reject any or all the tenders in part or full without assigning any reason whatsoever thereof. SAI does not bind itself to accept the lowest tender. SAI also reserves the right to split up the work among two or more agencies.

7. QUOTING OF RATES & AMOUNTS:

- a. The tenderers should quote rate/amount in figures and words. The rate shall be quoted up to 2 decimals.
- b. Special care should be taken to fill the rates and amounts in figures as well in words in such a way that any alteration is not possible. The total amount should be written both in figures and in words. In case of figures; the word 'Rs.' should be written before the figure of Rupees and word 'P' after the decimal figure e.g. Rs. 2.15p. Rs. 2.15 shall be written as Rupees two and fifteen paise only. Unless the rate/amount is in whole Rupees it should invariably be up to two decimal places.
- c. In case of any discrepancy between the rates/percentage/amount quoted in figures and words, then the rate/percentage/amount quoted by the contractor in words shall be taken as correct.
- d. The tenders shall be strictly as per the conditions of contract. Tenders with any additional condition(s)/modifications shall be rejected.

- e. The witnesses to the Tender/Contract Agreement shall be other than the tenderer/ tenderers competing for this work and must indicate full name, address, status/occupation with dated signatures.
- f. The tenders for works shall remain open for acceptance for a period of 120 (One Hundred Twenty) days from the date of opening of the tenders. If any tenderer withdraws his tender before SAI'd period or makes any modification in terms and conditions of the tender to his benefit which are not acceptable to SAI then SAI shall without prejudice to any other right or remedy, be at liberty to forfeit the EMD.
- g. The acceptance of tender will rest with SAI who does not bind itself to accept the lowest tender and reserves to itself the right to reject any or all the tenders received without assigning any reason thereof. Tenders in which any of the prescribed conditions are not fulfilled or found incomplete in any respect are liable to be rejected.
- h. Canvassing whether directly or indirectly in connection with tenders is strictly prohibited and the tenders submitted by the contractors who resort to canvassing will be liable for rejection.

8. PERFORMANCE GUARANTEE:

To ensure due performance of the contract, the successful bidder shall furnish a Performance Security in the form of a Unconditional Performance Bank Guarantee (PBG) or other acceptable instruments. The Performance Security shall be:

- **Amount:** Equivalent to five percent (5%) of the total contract value.
- **Forms Accepted:** Insurance Surety Bond, Account Payee Demand Draft, Fixed Deposit Receipt from a commercial bank, Bank Guarantee issued/confirmed by any commercial bank in India, or online payment in an acceptable form.
- **Joint Ventures (JV):** In case of a JV, the Performance Security shall be provided by all partners in proportion to their participation in the project.(Not Applicable, JV Not allowed)

Performance Security must be submitted within fourteen (14) days from the date of notification of award and shall remain valid for sixty (60) days beyond the completion of all contractual obligations, including the Defect Liability Period (DLP).

In the event of breach of contract by the contractor, the Performance Security shall be forfeited and credited to the SAI's account. Upon successful completion of all contractual obligations, the Performance Security shall be refunded to the contractor without interest, no later than three hundred sixty-five (365) days from the completion of the DLP.

9. SECURITY DEPOSIT:

In addition to the Performance Security, contracts for works shall include a provision for Security deposit/retention money, whereby five percent (5%) of the value of each running bill (periodic/interim payment) shall be withheld as Security Deposit until final acceptance of the works.

Replacement with Bank Guarantee: The contractor may, at their discretion, replace the accumulated retention amount with an unconditional Bank Guarantee (BG) from a bank acceptable to the Procuring Entity at the following stages:

- Upon reaching 50% of the retention money limit.
- Upon reaching the full retention money limit.

Release of Retention Money / BG:

One-half of the retention money (or BG replacing it) shall be released upon issuance of the Taking Over Certificate (TOC). If TOCs are issued in parts, the release shall be in proportion to the value of the respective part or section, as determined by the Engineer.

The remaining half shall be released upon expiration of 365 days after the Defect Liability Period (DLP) or final payment, whichever is earlier, subject to certification by the Engineer.

Multiple DLPs: In cases where different DLPs apply to different sections or parts of the works, the final release shall be based on the latest applicable DLP.

10. ESCALATION/PRICE VARIATION:

There will be no escalation on account of any increase in price index in the price of materials or labours, imposition of sales tax or enactment of any new law or imposition of levies etc. No price escalation shall be applicable even during the extended period for completing the works. No extra claim in this regard will be entertained.

11. SCOPE OF WORK:

Project: Khelo India Sports Governance and Sports Development Infrastructure Wing (Phase-I), JLN Stadium, New Delhi

01. BRIEF SCOPE OF WORKS

OBJECTIVE OF THE PROJECT

The objective of this project is to plan, design, execute, and commission the complete Khelo India Sports Governance and Sports Development Infrastructure Wing (Phase-I), JLN Stadium, New Delhi within the VIP and VVIP Halls and associated areas at Jawaharlal Nehru Stadium, New Delhi.

The project aims to transform the identified existing spaces into fully functional, modern, safe, and efficient administrative offices, catering to multiple divisions including VIP Hall, VVIP Hall, JNS Administration Office, SAI Call Centre, and MoYAS offices, as detailed in the approved layout and area statements.

Key Objectives Include:

- To optimize the utilization of existing infrastructure within JLN Stadium by converting VIP and VVIP halls into well-planned office environments without affecting the structural integrity of the stadium.
- To provide ergonomic, efficient, and secure workspaces that support administrative, coordination, and operational functions of SAI and MoYAS.
- To execute comprehensive interior works including civil modifications, partitions, finishes, furniture, electrical, HVAC, plumbing, fire-fighting, and ELV systems, fully integrated with existing building services.
- To ensure compliance with statutory requirements, fire and life safety norms, accessibility standards, and applicable codes for government office buildings.
- To carry out all works in an occupied and operational stadium environment with minimal disruption to ongoing activities and events.
- To deliver the project within the stipulated 06-month timeline, maintaining high standards of quality, safety, and workmanship.

- To achieve a ready-to-occupy facility, including testing, commissioning, statutory approvals, and final handover with complete documentation.

2.0 NOC'S / APPROVALS/ CLEARANCE FROM LOCAL BODIES/ AUTHORITIES

2.1 The Contractor shall mobilize adequate and qualified manpower, plant & machinery, tools, tackles, and all necessary resources to execute and complete the interior fit-out and establishment works of the Ministry Office within the stipulated Contract Period at Jawaharlal Nehru Stadium, strictly in accordance with the approved Scope of Work, drawings, specifications, and tender conditions.

2.2 The Contractor shall ensure strict, unconditional, and complete compliance with all applicable codes, standards, guidelines, and statutory provisions relevant to interior works in Government office buildings, including but not limited to:

- National Building Code of India (NBC), latest edition
- CPWD Specifications (latest edition) for Interior, Electrical, HVAC, Plumbing & Fire Services
- Bureau of Indian Standards (BIS / IS Codes) applicable to civil, electrical, fire-fighting, HVAC, plumbing, finishes, furniture, and materials
- Central Public Works Department (CPWD) General Specifications for Interior Works
- Fire & Life Safety Guidelines issued by the Delhi Fire Service (DFS)
- CEA / IE Rules and relevant IS Codes for electrical installations
- NBC Part 4 – Fire and Life Safety
- NBC Part 8 – Building Services
- Energy Conservation Building Code (ECBC), wherever applicable
- Guidelines issued by Local Municipal Authorities, Building Management, and Stadium Authorities

No deviation from the approved and vetted drawings, specifications, or materials shall be permitted without prior written approval of the Competent Authority.

2.3 Statutory Approvals, NOCs & Permissions

All statutory approvals, permissions, NOCs, inspections, and clearances required for execution, completion, and handing over of the interior works shall be entirely within the scope and responsibility of the Contractor, including but not limited to:

- Fire Safety NOC / Clearance from Delhi Fire Service (DFS) for interior layouts, partitions, finishes, fire-rated doors, and services
- Approval of interior layouts, partitions, and service modifications from Stadium / Building Management Authority, wherever required
- Electrical safety approvals, testing, and certification from the competent authority
- Approval for installation and operation of DG Sets (if any)
- Lift-related approvals (if any interior modifications interface with lift lobbies/services)
- Any other approval or clearance required under Central, State, or Local Government statutes applicable to interior fit-out works

2.4 Timing of Approvals

The Contractor shall obtain all required approvals and NOCs:

- Prior to commencement of work,

- During execution, wherever stage-wise approvals are mandated, and
- Before final completion and handing over of the interior works.

2.5 Revisions & Modifications

Any revision, modification, revalidation, or re-approval required in statutory approvals, NOCs, or approved drawings at any stage, whether before commencement, during execution, or after completion, shall be carried out solely by the Contractor, at his own responsibility, without any claim for additional cost or time.

2.6 Fees & Reimbursement

All statutory fees, charges, levies, and expenses for obtaining approvals, NOCs, inspections, and third-party certifications shall be paid by the Contractor directly to the concerned authorities at his own cost. No additional claims shall be entertained on this account.

2.7 Environmental & Site Restrictions

- Any removal, trimming, or disturbance of existing greenery (if required for interior services or access) shall be carried out only after obtaining necessary approvals from the competent authority.
- The Contractor shall comply with all applicable environmental, dust control, noise control, and waste disposal regulations relevant to interior works in an occupied stadium environment.

2.8 Archaeological & Heritage Compliance

In the event that any protected monument, archaeological site, or heritage structure exists within or in the vicinity of the project site, the Contractor shall obtain all necessary permissions from the competent Archaeological Authority prior to commencement of work.

Any fine, penalty, or levy imposed due to non-compliance shall be borne solely by the Contractor.

2.9 Liability for Non-Compliance

Any fine, penalty, damage, or legal consequence arising out of non-compliance with statutory requirements, codes, or approvals shall be entirely the responsibility of the Contractor, and the Client shall not be liable under any circumstances.

2.10 Material Breach

Failure to comply with the provisions of this clause shall be treated as a material breach of contract, without prejudice to the Client's right to:

- Levy penalties
- Withhold payments
- Invoke Performance Security
- Terminate the Contract as per tender conditions

3.0 TOPOGRAPHICAL SURVEY

If the Client/SAI possesses any detailed topographical survey data of the proposed project site or any adjacent site, the same may be shared with the Contractor in the available format(s) for reference purposes only. However, the Contractor/Bidder shall, at his own cost, undertake an independent topographical

survey, if deemed necessary, to verify the data provided by SAI and to make an independent assessment of the site topography prior to quoting and commencement of works. No claims whatsoever by the Contractor on account of discrepancies, errors, or omissions in the survey data/levels provided by SAI shall be entertained.

In case no topographical survey data is available with the Client/SAI, the Contractor shall, at his own cost, conduct a detailed topographical survey of the entire project site through a licensed surveyor using modern surveying instruments. The survey shall cover existing ground levels, natural features, trees, utilities, permanent structures, adjoining roads, drains, and any other physical features within and around the site, as directed by the Engineer-in-Charge. The Contractor shall prepare and submit survey drawings, reports, and digital data in the prescribed formats for approval prior to commencement of any construction activity.

4.0 GEOTECHNICAL INVESTIGATION

If the Client/SAI possesses any data related to the geotechnical/ soil i.e. Soil Bearing Capacity (SBC), etc. of the proposed project site or any adjacent site, the same may be shared with the Contractor in the available format(s) for reference purposes only. However, the Contractor/Bidder shall, at his own cost, undertake an independent geotechnical investigation, if deemed necessary, to verify the data provided by SAI and to make an independent assessment of the soil properties prior to quoting and commencement of works. No claims whatsoever by the Contractor on account of discrepancies, errors, or omissions in the data provided by SAI shall be entertained.

In case Client/SAI have no data related to the geotechnical investigation or soil properties, then the Contractor shall, at his own cost, carry out a detailed geotechnical investigation of the project site through a reputed and licensed geotechnical/soil testing agency approved by the Engineer-in-Charge. The investigation shall be conducted in accordance with relevant IS codes and best engineering practices, and shall include but not be limited to:

- Boreholes up to the required depth as directed by the Engineer-in-Charge.
- Collection of disturbed and undisturbed soil samples.
- Laboratory testing for soil classification, index properties, shear strength parameters, consolidation, compaction, permeability, etc.
- Determination of safe bearing capacity, allowable settlement, and groundwater table levels.
- Recommendations on foundation system, depth, type of footing, and any necessary soil improvement measures.

The Contractor shall prepare and submit a comprehensive Geotechnical Investigation Report, including bore logs, test results, analysis, and recommendations in both hard copy and digital format, for review and approval prior to commencement of foundation and structural works.

No claims by the Contractor on account of discrepancies in the soil exploration or geotechnical investigation report/data shall be entertained.

5.0 Contractor's Liability for Design Errors

The Contractor shall be fully liable for any errors, omissions, deficiencies, or inaccuracies in the design, drawings, or specifications submitted. This includes but is not limited to:

- Structural failures or defects arising due to design flaws.
- Non-compliance with applicable codes, standards, or statutory requirements.

- Inadequate provisions for safety, durability, or functionality.
- Any delays, cost overruns, or rework resulting from design-related issues.

In the event of any such errors or failures, the Contractor shall, at their own cost and risk, rectify the defects, redesign the affected components, and carry out necessary remedial works without any additional financial claim. The Contractor shall also be liable for any consequential damages or losses incurred by the Employer due to such design deficiencies.

The Employer reserves the right to recover such costs or impose penalties as deemed appropriate, and may also invoke the Performance Security in case of serious lapses.

6.0 WORKS OF PROJECT

6.1. Pre-Construction & Site Assessment

- Detailed site inspection, verification of existing conditions, services, and measurements prior to commencement of works.
- Identification of constraints due to occupied premises and preparation of execution methodology accordingly.
- Preparation of shop drawings, working drawings, coordination drawings and method statements for approval.

- Testing, commissioning, and integration with existing systems.

6.7. HVAC Works

- Modification, extension, rerouting, and balancing of existing HVAC ducts, diffusers, and grills.
- Supply and installation of insulation, dampers, and accessories as required.
- Testing, balancing, and commissioning of HVAC systems to achieve design comfort levels.

6.8. Plumbing & Sanitary Works

- Construction of additional toilets in existing areas, including tie-in connections with existing lines or provision of new independent lines wherever required.
- Complete waterproofing of toilets from both sides (floor and walls).
- Plumbing works including shifting/installation of pipelines, fixtures, fittings, pantries, and washroom accessories.
- Testing and commissioning of plumbing and drainage systems.

6.9. Fire Fighting & Life Safety Systems

- Extension and integration of fire-fighting systems including sprinklers, detectors, hydrants, and hose reels from existing lines.
- Fire-rated partitions, doors, sealants, and accessories wherever required.
- Testing, commissioning, and obtaining fire safety clearances as applicable.

6.10. Testing, Commissioning & Handover

- Testing and commissioning of all civil, electrical, HVAC, plumbing, fire-fighting, and ELV systems.
- Rectification of defects observed during inspections.
- Final cleaning of the site and removal of all temporary installations.
- Submission of as-built drawings, operation & maintenance manuals, warranties, and test certificates.
- Final handover of completed areas to the client in all respects.

6.11. Approvals, NOCs & Statutory Compliance

- All approvals, permissions, NOCs, inspections, and clearances required from local authorities, fire department, statutory bodies, building management, and any other concerned agencies shall be in the scope of the Contractor at his own cost.
- The Contractor shall be solely responsible for compliance with all applicable codes, standards, and statutory requirements.

6.12. General Conditions

- Execution of works with minimal disturbance to ongoing operations within JLN Stadium.
- Coordination with multiple agencies and adherence to approved timelines.
- No extra payment shall be made for works deemed incidental but necessary for completion of the project in all respects.

WHEREAS the Bidder is a private company / public company/ Government undertaking/ partnership/ consortium/ joint venture company/ Firm/ Individual (status of the Company), constituted in accordance with the relevant law in the matter and the Principal is an autonomous body under Ministry of Youth Affairs and Sports.

NOW, THEREFORE, To avoid all forms of corruption by following a system that is fair, transparent and free from any influence/prejudiced dealings prior to, during and subsequent to the currency of the contract to be entered into with a view to:-

Enabling the Principal to obtain the desired said (goods/ services) at a competitive price in conformity with the defined specifications by avoiding the high cost and the distortionary impact of corruption on public procurement, and

Enabling the Bidder(s) to abstain from bribing or indulging in any corrupt practice in order to secure the contract by providing assurance to them that their competitors will also abstain from bribing and other corrupt practices and the Principal will commit to prevent corruption, in any form, by its officials by following transparent procedures.

The parties here by agree to enter into this Integrity Pact & agree as follows:

1.0 Commitments of the Principal

- 1.1 The Principal undertakes that no official of the Principal, connected directly or indirectly with the contract, will demand, take a promise for or accept, directly or through intermediaries, any bribe, consideration, gift, reward, favour or any material or immaterial benefit or any other advantage from the Bidder, either for themselves or for any person, organization or third party related to the contract in exchange for an advantage in the bidding process, bid evaluation, contracting or implementation process related to the contract.
- 1.2 The Principal will, during the pre-contract stage, treat all Bidders alike, and will provide to all the Bidders the same information and will not provide any such information to any particular Bidder which could afford an advantage to that particular Bidder in comparison to other Bidders.
- 1.3 All the officials of the Principal will report to the appropriate Authority any attempted or completed breaches of the above commitments as well as any substantial suspicion of such a breach.

- 2.0 In case any such preceding misconduct on the part of such official(s) is reported by the Bidder to the Principal with full and verifiable facts and the same is prima facie found to be correct by the Principal, necessary disciplinary proceedings, or any other action as deemed fit, including criminal proceedings may be initiated by the Principal and such a person shall be debarred from further dealings related to

the contract process. In such a case while an enquiry is being conducted by the Principal the proceedings under the contract would not be stalled.

3.0 Commitments of the Bidder(s)

The Bidder(s) commits itself to take all measures necessary to prevent corrupt practices, unfair means and illegal activities during any stage of its bid or during any pre-contract or post-contract stage in order to secure the contract or in furtherance to secure it and in particular commit itself to the following:

- 3.1 The Bidder(s) will not offer, directly or through intermediaries, any bribe, gift, consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the Principal, connected directly or indirectly with the bidding process, or to any person, organization or third party related to the contract in exchange for any advantage in the bidding, evaluation, contracting and implementation/completion of the contract.
- 3.2 The Bidder further undertakes that it has not given, offered or promised to give, directly or indirectly any bribe, gift consideration, reward, favour, any material or immaterial benefit or other advantage, commission, fees, brokerage or inducement to any official of the Principal or otherwise in procuring the Contract or forbearing to do or having done any act in relation to the obtaining or execution of the contract or any other contract with the Government for showing or forbearing to show favour or disfavour to any person in relation to the contract or any other contract with the Government.
- 3.3 The Bidder(s) shall disclose the name and address of agents and representatives, and Indian Bidder(s) shall disclose their foreign principals or associates.
- 3.4 The Bidder(s) shall disclose the payments to be made by them to agents/brokers or any other intermediary, in connection with this bid/contract.
- 3.5 If applicable, The BIDDER further confirms and declares to the PRINCIPAL that the BIDDER is the original manufacturer/integrator/authorised government sponsored export entity of the defence stores and has not engaged any individual or firm or company whether Indian or foreign to intercede, facilitate or in any way to recommend to the PRINCIPAL or any of its functionaries, whether officially or unofficially to the award of the contract to the BIDDER, nor has any amount been paid, promised or intended to be paid to any such individual, firm or company in respect of any such intercession, facilitation or recommendation.
- 3.6 The Bidder, either while presenting the bid or during pre-contract negotiations or before signing the contract, shall disclose any payments he has made, is committed to or intends to make to officials of the Principal or their family members, agents, brokers or any other intermediaries in connection with the contract and the details of services agreed upon for such payments.
- 3.7 The Bidder will not collude with other parties interested in the contract to impair the transparency, fairness and progress of the bidding process, bid evaluation, contracting and implementation of the contract.
- 3.8 The Bidder will not accept any advantage in exchange for any corrupt practice, unfair means and illegal activities.
- 3.9 The Bidder shall not use improperly, for purposes of competition or personal gain, or pass on to others, any information provided by the Principal as part of the business relationship, regarding plans, technical proposals and business details, including information contained in any electronic data carrier. The Bidder also undertakes to exercise due and adequate care lest any such information is divulged.

- 3.10 The Bidder(s) commits to refrain from giving any complaint directly or through any other manner without supporting it with full and verifiable facts.
- 3.11 The Bidder(s) shall not instigate or cause to instigate any third person to commit any of the actions mentioned above.
- 3.12 If the Bidder or any employee of the Bidder or any person acting on behalf of the Bidder, either directly or indirectly, is a relative of any of the officers of the Principal, or alternatively, if any relative of an officer of the Principal has financial interest/stake in the Bidder(s) firm, the same shall be disclosed by the Bidder at the time of filling of tender.
- The term 'relative' for this purpose would be as defined in Section 6 of the Companies Act 1956.
- 3.13 The Bidder(s) shall not lend to or borrow any money from or enter into any monetary dealings or transactions, directly or indirectly, with any employee of the Principal.
- 3.14 The representative of the Bidder(s) signing Integrity Pact shall not approach the Courts while representing the matters to IEMs and he/she will wait their decision in the matter.
- 3.15 In case of sub-contracting, the bidder/principal contractor shall take the responsibility of the adoption of IP by the sub-contractor.

4.0 Previous Transgression

- 4.1 The Bidder(s) declares that no previous transgression occurred in the last three years immediately before signing of this Integrity Pact, with any other company in any country in respect on any corrupt practices envisaged hereunder or with any Public Sector Enterprise in India or any Government Department in India that could justify Bidder's exclusion from the tender process.
- 4.2 The bidder agrees that if I make incorrect statement on this subject, Bidder can be disqualified from the tender process or the contract, if already awarded, can be terminated for such reason.

5.0 Earnest Money (Security Deposit)

A Bidder is required to submit, along with its BID, an EMD (the "**BID Security**"), refundable not later than 30 (Thirty) days after letter of Intent to the the selected bidder, except in the case of the Selected Bidder whose BID Security shall be retained till it has provided a Performance Security under the Agreement. 3.0 SITE VISIT AND COLLECTING LOCAL INFORMATION

Before tendering, the tenderer is advised to visit the site, its surroundings to assess and satisfy themselves about the local conditions such as the working and other constraints at site, approach to the site, availability of water & power supply, application of taxes, cess duties and levies as applicable, nature of ground, soil and sub-soil condition, underground water table level, accommodations they may require etc., river regime, river water levels, other details of river, streams & any other relevant information required by them to execute complete scope of work.

The tenderer may obtain all necessary information as to risks, weather conditions, contingencies & other circumstances (insurgencies etc.), which may influence or affect their tender prices. Tenderer shall be deemed to have considered site conditions whether he has inspected it or not and to have satisfied himself in all respect before quoting his rate and no claim or extra charges whatsoever in this regard shall be entertained / payable by SAI at a later date.

3.1. ACCESS BY ROAD

Contractor, if necessary, shall build temporary access roads to the actual site of construction for the works at his own cost to make the site accessible. The Contractor shall maintain the same in motorable condition at all the times as directed by Engineer-In-Charge at his own cost. The contractor shall be required to permit the use of any roads so constructed by him for vehicles of SAI or any other agencies/ contractors who may be engaged on the project site, free of cost. Non- availability of access roads or approach to site, for the use of the contractor shall in no case condone any delay in the execution of work nor be the cause for any claim for compensation.

3.2. HANDING OVER & CLEARING OF SITE

- 3.2.1. The Contractor should note that area for construction may be made available in phases as per availability and in conjunction with pace of actual progress of work at site. The work may be required to be carried out in constrained situations. The work is to be carried out in such a way that the traffic, people movement, if any, is kept operative and nothing extra shall be payable to the contractor due to this phasing / sequencing of the work. The contractor is required to arrange the resources to complete the entire project within total stipulated time. Traffic diversion, if required, is to be done and maintained as per specification by the contractor at his own cost and the contractor shall not be entitled for any extra payment, whatsoever, in this regard.
- 3.2.2. The efforts will be made by SAI to handover the site to the Contractor free of encumbrances. However, in case of any delay in handing over of the site to the Contractor, SAI shall only consider suitable extension of time for the execution of the work. It should be clearly understood that SAI shall not consider any revision in contract price or any other compensation whatsoever viz. towards idleness of Contractor's labour, equipment etc.
- 3.2.3. The Contractor shall be responsible for removal of all over-ground and under-ground structures (permanent, semi-permanent and temporary) and constructions from the site. The cost to be incurred in this regard shall be deemed to be included in the quoted rate of Bill of Quantities of items and contractor shall not be entitled for any extra payment whatsoever, in this regard. The contractor, if required, shall demolish old structures on the proposed site, properly. The useful material obtained from demolition of structures & services shall be the property of the owner/SAI and these materials shall be stacked in workmanship like manner at the place specified by the Engineer-In-Charge.
- 3.2.4. If required, the contractor has to do site clearance, enabling work, barricading, diversion of Roads, shifting/ realignment of existing utility services, drains, nallahs etc. at his own cost as per direction of Engineer-In-Charge and the contractor shall not be entitled for any extra payment whatsoever in this regard.
- 3.2.5. Necessary arrangements including its maintenance are to be made by the contractor for temporary diversion of flow of existing drain and road, as the case may be. The existing drain, road would be demolished, wherever required, with the progress of work under the scope of proposed project. The existing Road and Drain, which are not in the alignment of SAI'd project but are affected and/ or need to be demolished during execution for smooth progress of the project, shall be rehabilitated to its original status and condition (including black topping) by the contractor at his own cost. The cost to be incurred by contractor in these regards shall be deemed to be included in the quoted rates of the Bill of Quantities items and contractor shall not be entitled for any extra payment whatsoever, in these regards.
- 3.2.6. The Contractor shall be responsible to co-ordinate with service provider/ concerned authorities for cutting of trees, shifting of utilities and removal of encroachments etc. and making the site un-encumbered from the project construction area required for completion of work. This shall include initial and frequent follow up meetings/ actions/ discussions with each involved service provider/ concerned authorities. The contractor shall not be entitled for any additional compensation for delay in cutting of trees, shifting of utilities and removal of encroachments by the service provider/ concerned authorities.

(46) On Account Payments not Prejudicial to Final Settlement: "On-Account" payments made to the Contractor shall be without prejudice to the final making up of the accounts (except where measurements are specifically noted in the Measurement Book as "Final Measurements" and as such have been signed by the Contractor and Engineer/Engineer's Representative) and shall in no respect be considered or used as evidence of any facts stated in or to be inferred from such accounts nor of any particular quantity of work having been executed nor of the manner of its execution being satisfactory.

(46) Final Payment: On the Engineer's certificate of completion in respect of the works, adjustment shall be made and the balance of account based on the Engineer or the Engineer's representative's certified measurements or Engineer's certified "contractor's authorized engineer's measurements" of the total quantity of work executed by the Contractor upto the date of completion and on the rates accepted in Bill(s) of Quantities and for extra works on rates determined above of these Conditions shall be paid to the Contractor subject always to any deduction which may be made and further subject to the Contractor having signed delivered to the Engineer enclosing either a full account in detail of all claims he may have on SAI in respect of the works. The Engineer having after the receipt of such account given a certificate in writing that the whole of the works to be done under the provisions of the Contracts have been completed, that they have been inspected by him since their completion and found to be in good and substantial order, that all properties, works and things, removed, disturbed or injured in consequence of the works have been properly replaced and made good and all expenses and demands incurred by or made upon SAI for or in the respect of damage or loss by from or in consequence of the works, have been satisfied agreeably and in conformity with the contract.

45.0 ANTI-TERMITE TREATMENT & WATER PROOF TREATMENT

45.1 Pre-construction and Post Construction treatment shall be carried out in co-ordination with the building work and shall be executed in such a manner that the civil works are not hampered or delayed by the anti-termite treatment. The treatment shall be carried out as detailed in BIS: 6313 (Part-II) latest revision. The waterproof treatment shall be of type and specifications as given in the schedule of quantities.

45.2 The treatment against water-proofing of basement, roofs, water retaining areas and termite infestation shall be and remain fully effective for a period of not less than 10 (Ten) years to be reckoned from the date of expiring of the Defect Liability Period, prescribed in the contract. At any time during SAI'd guarantee period if SAI finds any defects in SAI'd treatment or any

evidence of re-infestation, dampness, leakage in any part of buildings or structure and notifies the contractor of the same, the contractor shall be liable to rectify the defect or give re-treatment and shall commence the work or such rectification or re-treatment within seven days from the date of issue of such letter to him. If the contractor fails to commence such work within the stipulated period, SAI may get the same done by another agency at the Contractor's cost and risk and the decision of the Engineer-In-Charge of SAI for the cost payable by the contractor shall be final and binding upon him. Re-treatment if required shall be attended to and carried out by the Contractor within seven days of the notice from Engineer-In-Charge of SAI.

- 45.3 SAI reserves the right to get the quality of treatment checked in accordance with recognized test methods and in case it is found that the chemicals with the required concentration and rate of application have not been applied, or the water proof treatment is not done as per specifications, the contractor will be required to do the re- treatment in accordance with the required concentration & specifications at no extra cost failing which no payment for such work will be made. The extent of work thus rejected shall be determined by SAI.
- 45.4 Water proofing and anti-termite treatment shall be got done through approved / specialized agencies only with prior approval of Engineer-In-Charge.
- 45.5 The contractor shall make such arrangement as may be necessary to safe guard the workers and residents of the building against any poisonous effect of the chemicals used during the execution of the work.
- 45.6 During the execution of work, if any damage shall occur to the treatment already done, either due to rain or any other circumstances, the same shall be rectified and made good to the entire satisfaction of Engineer-In-Charge by the contractor at his costs and risks.
- 45.7 The contractor shall make his own arrangement for all equipment required for the execution of the job.
- 45.8 The contractor whose tender is accepted shall execute Guarantee Bond in the prescribed form as appended for guaranteeing the anti-termite treatment and water proof treatment.

46.0 INDIAN STANDARDS

Wherever any reference is made to Indian Standards (IS) in the specifications, drawings, or bill of quantities, it shall be deemed to refer to the latest edition of the relevant Indian Standard, including all amendments, as applicable on the last date of receipt of the tender documents. The contractor shall be responsible for ensuring full compliance with these standards in the execution of the work. Any deviation from the prescribed IS specifications shall require prior written approval from SAI, failing which the work shall be considered non-compliant and subject to rectification at the contractor's cost.

47.0 CENTERING & SHUTTERING

Marine waterproof plywood or steel plates of minimum thickness and height adjustable steel props as approved by Engineer- In-Charge shall be used for formwork. The shuttering plates shall be cleaned and oiled after every repetition and shall be used only after obtaining approval of SAI's Engineers at site. The number of repetitions allowed for plywood and steel shuttering shall be at the discretion of Engineer-In-Charge of SAI depending upon the condition of shuttering surface after each use and the decision of Engineer-In- Charge in this regard shall be final and binding on the contractor. No claim whatsoever on this account shall be admissible.

48.0 RECORDS OF CONSUMPTION OF MATERIALS

- 48.1 For the purpose of keeping a record of materials (Steel ,Cement, Bitumen etc.) and other items (as decided by Engineer in Charge) received at site and consumed in works, the contractor shall maintain a properly bound register in the form approved by SAI, showing columns like quantity received and used in work and balance in hand etc. This register shall be signed daily by the

contractor's representative and SAI's representative.

48.2 The register of material shall be kept at site in the safe custody of SAI's Engineer during progress of the work. This provision will not, however, absolve the contractor from the quality of the final product.

48.3 In case cement or steel quantity consumed is lesser as compared to the theoretical requirement of the same as per CPWD specifications/ norms, the work will be devalued and/ or a penal rate (i.e. double the rate at which cement/ steel purchased last) recovery for lesser consumption of cement/ steel shall be made in the rates of the work done subject to the condition that the tests results fall within the acceptable criteria as per CPWD specifications otherwise the work shall have to be dismantled and redone by the contractor at no extra cost.

In case of cement, if actual consumption is less than 98% of the theoretical consumption, a recovery shall be affected from the contractor's dues at the penal rate (Prescribed under relevant clauses of I.S. Code) for the actual quantity, which is lower than 98% of theoretical consumption.

49.0 MATERIALS AND SAMPLES

49.1 The contractor shall submit samples/ specimens out of approved makes of materials/ products to the Engineer-In-Charge for prior approval. In exceptional circumstances Engineer-In-Charge may allow alternate equivalent makes/ brands of products/ materials at his sole discretion. The final choice of brand/ make shall remain with the Engineer-In-Charge, whose decision in this matter shall be final and binding and nothing extra on this account shall be payable to the Contractor.

49.2 In case no make or brand of any materials, articles, fittings and accessories etc. is specified, the same shall comply with the relevant Indian Standard Specifications and shall bear the ISI/BIS mark. The Engineer of SAI and the owner shall have the discretion to check quality of materials and equipment to be incorporated in the work, at source of supply or site. They shall also have the discretion to check the workmanship of various items of work to be executed in this work. The contractor shall provide the necessary facilities and assistance for this purpose.

The above provisions shall not absolve the contractor from the quality of final product and in getting the material and workmanship quality checked and approved from the Engineer-In-Charge of SAI.

49.3 The contractor shall well in advance, produce samples of all materials, articles, fittings, accessories etc. that he proposes to use and get them approved in writing by SAI. The materials articles etc. as approved shall be labeled as such and shall be signed by SAI and the Contractor's representative.

49.4 The approved samples shall be kept in the custody of the Engineer-In-Charge of SAI till completion of the work. Thereafter the samples except those destroyed during testing shall be returned to the contractor. No payment will be made to the contractor for the samples or samples destroyed in testing.

49.5 The brands of all materials, articles fittings etc. approved together with the names of the manufacturers and firms from which supplies have been arranged shall be recorded in the site order book.

49.6 The contractor shall set up and maintain at his cost, a field-testing laboratory for all day- to-day tests at his own cost to the satisfaction of the Engineer-In-Charge. This field- testing laboratory shall be provided with equipment and facilities to carry out all mandatory field tests as per CPWD (as the case may be) specifications. The laboratory building shall be constructed and installed with the appropriate facilities; Temperature and Humidity controls shall be available wherever necessary during testing of samples.

All equipment shall be provided by the Contractor so as to be compatible with the testing

requirements specified. The Contractor shall maintain all the equipment in good working condition for the duration of the contract. The Contractor shall provide approved qualified personnel to run the laboratory for the duration of the Contract. The number of staff and equipment available must at all times be sufficient to keep pace with the sampling and testing program as required by the Engineer-In-Charge.

The Contractor shall fully service the site laboratory and shall supply everything necessary for its proper functioning, including all transport needed to move equipment and samples to and from sampling points on the site, etc. The Contractor shall re- calibrate all measuring devices whenever so required by the Engineer-In- Charge and shall submit the results of such measurements without delay. All field tests shall be carried out in the presence of SAI representative. All costs towards samples, materials, collection, transport, manpower, testing etc. shall be borne by the Contractor and are deemed to be included in the rates quoted by him in the bill of quantities.

50.0 TESTS AND INSPECTION

50.1 The contractor shall be responsible for carrying out all mandatory tests as per the approved specifications, technical documents, and directions of SAI during the execution of the work.

50.2 All tests on materials shall be conducted in accordance with the standards prescribed by CPWD (Central Public Works Department), and the relevant Indian Standard (IS) Codes, including all amendments applicable as of the last date of submission of tender documents.

50.3 The contractor shall arrange for all necessary tests at any recognized institution/NABL accredited laboratory, as directed by SAI. All testing charges, laboratory fees, and associated expenses shall be borne solely by the contractor.

50.4 All tests, whether conducted on-site or at external laboratories, relating to the execution of the work and supply of materials, shall be performed by the contractor or by SAI at the contractor's expense.

50.5 Failure to conduct the required tests or non-compliance with test results shall be considered a breach of contract, and SAI shall have the right to reject defective materials, halt work, impose penalties, or take any other necessary remedial action at the risk and cost of the contractor.

50.6 WORKS TO BE OPEN TO INSPECTION

All works executed or under the course of execution in pursuance of this contract shall at all times be open to inspection and supervision of SAI and its designated representatives. The work during its progress or after its completion may also be inspected, by Chief Technical Examiner of Government of India (CTE) and/ or an inspecting authority of State Government of State in which work is executed and/or by third party checks by SAI. The compliance of observations/ improvements as suggested by the inspecting officers of SAI/CTE/ State Authorities shall be obligatory on the part of the Contractor. Any rectifications, modifications, or corrective actions required pursuant to such inspections shall be executed at the sole cost and responsibility of the contractor, without any additional financial liability on SAI and failure to comply with inspection observations or corrective measures may lead to penalties, withholding of payments, rejection of work, or termination of contract as deemed necessary by SAI.

51.0 BORROW AREAS

The contractor shall make his own arrangements for borrow pits and borrow disposal areas including their approaches and space for movement of man, machinery, other equipment as required for carrying out the works. The contractor shall be responsible for taking all safety

measures, getting approval, making payment of royalties, charges etc. and nothing extra shall be paid to the contractor on this account and rates quoted by the contractor for various items of bill of quantities shall deemed to include the same.

52.0 BITUMEN WORK

The contractor shall collect the total quantity of tar or bitumen required for the work as per standard formula, before the work is started and shall hypothecate it to the Engineer-In-Charge. Although the materials are hypothecated to SAI, the Contractor undertakes the responsibility for their proper watch, safe custody and protection against all risks. The materials shall not be removed from site of work without the consent of the Engineer-In-Charge in writing.

53.0 CARE OF WORKS

From the commencement to the completion of works and handing over, the contractor shall take full responsibility for care thereof all the works and in case of any damage/loss to the works or to any part thereof or to any temporary works due to lack of precautions or due to negligence on part of Contractor, the same shall be made good by the Contractor.

54.0 WORK IN MONSOON AND DEWATERING

The execution of the work may entail working in the monsoon also. The contractor must maintain labour force as may be required for the job and plan and execute the construction and erection according to the prescribed schedule. No special/ extra rate will be considered for such work in monsoon. The contractor's rate shall be considered inclusive of cost of dewatering required if any and no extra rate shall be payable on this account.

55.0 NO COMPENSATION FOR CANCELLATION/ REDUCTION OF WORKS

If at any time after the commencement of the work SAI shall for any reason whatsoever is required to abandon the work or is not required the whole work thereof as specified in the tender to be carried out, the Engineer-In-Charge shall give notice in writing of the fact to the contractor, who shall have no claim to any payment of compensation whatsoever on account of any profit or advantage which he might have derived from the execution of the work in full, but which he did not derive in consequence of the full amount of the work not having been carried out or fore- closure, neither shall he have any claim for compensation by reason of any alterations having been made in the original specifications, drawings, designs and instructions which shall involve any curtailment of the work as originally contemplated. Provided that the contractor shall be paid the charges on the cartage only of materials actually and bonafide brought to the site of the work by the contractor and rendered surplus as a result of the abandonment or curtailment of the work or any portion thereof and then taken back by the contractor, provided however, that the Engineer-In-Charge shall have in all such cases the option of taking over all or any such materials at their purchase price or at local current rates whichever may be less. In the case of such stores having been issued by SAI and returned by the Contractor to SAI, credit will be given to him by the Engineer-In-Charge at rates not exceeding those at which they were originally issued to him after taking into consideration any deduction for claims on account of any deterioration or damage while in the custody of the contractor and in this respect the decision of the Engineer-In-Charge shall be final.

56.0 RESTRICTION ON SUBLETTING

The contractor shall not sublet or assign the whole or part of the works except where otherwise provided, by the contract and even then only with the prior written consent of SAI and such consent if given shall not relieve the contractor from any liability or obligation under the contract and he shall be responsible for the acts, defaults or neglects of any sub-contractor, his agents, servants or workman as full as if they were the acts, defaults or neglects of the contractor, his agent, servants or workman provided always that the provision of labour on piece work basis shall not be deemed to be a subletting under this clause. The contractor may entrust specialized items of works to the agencies specialized in the specific trade. The contractor shall give the names and details of such firm whom it is going to employ for approval of SAI. These details shall include the expertise, financial status, technical manpower, equipment, and resources and list of works executed and on hand of the specialist agency.

57.0 PROHIBITION OF UNAUTHORISED CONSTRUCTION & OCCUPATION

The contractor shall not erect, construct, or install any unauthorized buildings, structures, temporary shelters, or any other installations anywhere within the project site without prior written approval from SAI. No building, structure, or facility constructed by the contractor shall be occupied, used, or retained by the contractor, its employees, workers, or sub-contractors beyond the permitted scope and duration of the contract. In case of any unauthorized construction or occupation, SAI reserves the right to:

- A. Remove/Demolish such unauthorized structures at the contractor's cost and risk.
- B. Levy penalties or withhold payments until compliance is ensured.
- C. Initiate legal proceedings or terminate the contract for repeated violations.

Upon completion of the contract, the contractor shall ensure that the project site is cleared of all temporary structures, debris, and unauthorized constructions and restored to its original condition as per SAI's instructions

58.0 CO-ORDINATION WITH OTHER AGENCIES

Work shall be carried out in such a manner that the work of other Agencies operating at the site is not hampered due to any action of the Contractor. Proper co-ordination with other Agencies will be Contractor's responsibility. In case of any dispute, the decision of SAI shall be final and binding on the contractor. No claim whatsoever shall be admissible on this account.

59.0 SETTING OUT OF THE WORKS

The contractor shall be responsible for the true and proper setting out of the works and for the correctness of the position, levels, dimensions and alignment of all parts of the works. If at any time during the progress of works, shall any error appear or arise in the position, levels, dimensions or alignment of any part of the works, the contractor shall at his own expenses rectify such error to the satisfaction of Engineer- In-Charge. The checking of any setting out or of any line or level by the engineers of SAI shall not in any way relieve the contractor of his responsibility for the correctness.

60.0 NOTICE BEFORE COVERING UP THE WORK

The contractor shall give not less than seven days' notice before covering up or otherwise placing beyond the reach of measurement any work, to the Engineer-In- Charge in order that the same may be inspected and measured. If any work is covered up or placed beyond the reach of inspection/ measurement without such notice or his consent being obtained the same shall be uncovered at the contractor's expenses and he shall have to make it good at

his own expenses.

61.0 SITE CLEARANCE

The contractor shall ensure that the working site is kept clean and free of obstructions for easy access to job site and also from safety point of view. Before handing over the work to SAI, the contractor shall remove all temporary structures like the site offices, cement godown, stores, labour hutments etc., scaffolding rubbish, left over materials tools and plants, equipment etc., clean and grade the site to the entire satisfaction of the Engineer-In-Charge. If this is not done the same will be got done by SAI at his risk and cost.

The contractor shall clean all floors, remove cement/ lime/ paint drops and deposits, clean joinery, glass panes etc., touching all painter's works and carry out all other necessary items of works to make the premises clean and tidy before handing over the building, and the Percentage/ Item Rates quoted by the contractor shall be deemed to have included the same.

62.0 VALUABLE ARTICLES FOUND AT SITE

All gold, silver and other minerals of any description and all precious stones, coins, treasure, relics, antiques and all other similar things which shall be found in, under or upon the site, shall be the property of the Owner/ Government and the contractor shall duly preserve the same to the satisfaction of Engineer-In-Charge and shall from time to time deliver the same to such person or persons indicated by SAI.

63.0 MATERIALS OBTAINED FROM DISMANTLEMENT TO BE OWNER'S PROPERTY

All materials like stone, boulders and other materials obtained in the work of dismantling, excavation etc. will be considered owner/ government property and may be issued to the contractor by the owner/ SAI, if required for use in this work at rates approved by SAI or the contractor may be asked to dispose these items at his cost.

64.0 SET-OFF OF CONTRACTOR'S LIABILITIES

SAI shall have the right to deduct or set off the expenses incurred or likely to be incurred by it in rectifying the defects and/or any claim under this agreement against the Contractor from any or against any amount payable to the contractor under this agreement including Security Deposit and proceeds of Performance Guarantee.

65.0 MATERIALS PROCURED WITH THE ASSISTANCE OF SAI

If any material for the execution of this contract is procured with the assistance of SAI either by issue from its stores or purchase made under orders or permits or licenses obtained by SAI, the contractor shall hold and use SAId materials economically and solely for the purpose of this contract and shall not dispose them without the permission of Engineer-In-Charge. The contractor, if required by SAI, shall return all such surplus or unserviceable materials that may be left with him after the completion of the contract or at its termination on whatsoever reason, on being paid or credited such price as SAI shall determine having due regard to the conditions of materials.

66.0 ACTION AND COMPENSATION PAYABLE IN CASE OF BAD WORK

If it shall appear to the Engineer-In-Charge or his authorized subordinate in charge of the work or to the Chief Technical Examiner or to any other inspecting agency of Government/ State

Government/ SAI where the work is being executed, that any work has been executed with unsound, imperfect, or unskillful workmanship or with materials of any inferior description, or that any materials or articles provided by him for the execution of the work are unsound or of a quality inferior to that contracted for or otherwise not in accordance with the contract, the contractor shall on demand in writing which shall be made within one year of the completion of the work from the Engineer-In-Charge specifying the work, materials or articles complained of notwithstanding that the same may have been passed, certified and paid for forthwith rectify, or remove and reconstruct the work so specified in whole or in part as the case may require or as the case may be, remove the materials or articles so specified and provide other proper and suitable materials or articles at his own proper charge and cost, and in the event of his failing to do so within a period to be specified by the Engineer-In-Charge in his demand aforesaid,, the Engineer-In- Charge may rectify or remove and re-execute the work or remove and replace with others, the material or articles complained of as the case may be at the risk and expense in all respects of the contractor.

67.0 POSSESSION PRIOR TO COMPLETION

67.1 SAI shall have the right to take possession of or use any completed or partially completed work or part of the work. Such possession or use shall not be deemed to be any acceptance of any work not completed in accordance with the contract agreement.

If such prior possession or use by SAI delays the progress of work an equitable adjustment in the time of completion will be made and the contract agreement shall be deemed to be modified accordingly. The decision of SAI in this case shall be final binding and conclusive.

67.2 When the whole of the works or the items or the groups of items of work for which separate periods of completion have been specified have been completed the contractor will give a notice to that effect to the Engineer-In-Charge in writing. The Engineer-In-Charge shall within 7 days of the date of receipt of such notice inspect the works and either the Engineer-In-Charge issues to the contractor a completion certificate stating the date on which in his opinion the works were completed in accordance with the contract or gives instructions in writing to the contractor specifying the balance items of work which are required to be done by the contractor before completion certificate could be issued. The Engineer-In-Charge shall also notify the contractor of any defect in the works affecting completion.

67.3 The contractor shall during the course of execution prepare and keep updated a complete set of 'as built' drawings to show each and every change from the contract drawings, changes recorded shall be countersigned by the Engineer-In- Charge and the contractor. Four copies of 'as built' drawings shall be supplied to SAI by the contractor within 30 days of the completion. All costs incurred in this respect shall be borne by the contractor only.

68.0 COMPENSATION FOR DELAY AND REMEDIES

68.1 If the contractor fails to maintain the required progress in terms of relevant clause of Special Conditions of Contract, to complete the work and clear the site on or before the contract or extended date of completion, he shall, without prejudice to any other right or remedy available under the law to SAI on account of such breach, pay as agreed compensation the amount calculated at the rates stipulated below or such smaller amount as the Engineer-In-Charge (whose decision in writing shall be final and binding) may decide on the amount of tendered value of the work for every completed day / week (as applicable) that the progress remains below that specified in the relevant clause in Special Conditions of Contract or that the work remains incomplete. This will also apply to items or group of items for which a separate period of completion has been specified.

68.2 Compensation for delay in completion of work shall be levied at the rate of **below milestone of the tendered value**, subject to a maximum of **5% of the tendered value** of the work or of the item/group of items for which a separate completion period was originally specified.

- 68.3 If the contractor fails to maintain the required progress in terms of clause or to complete the work and clear the site on or before the stipulated completion date or justified extended date of completion determined as per clause mentioned in the RfP also considering any extension granted under clauses mentioned in the RfP, he shall, without prejudice to any other right or remedy available under the law to the Government on account of such breach, pay as compensation, the amount calculated as below :
- 68.4 (i) Compensation for delay of work @ 0.75% of accepted tendered amount per month of delay (to be computed on per day basis)
- 68.5 Provided further that the total amount of compensation for delay to be paid under this condition shall not exceed 5% (five percent) of the accepted Tendered Value of work or of the accepted Tendered Value of the Sectional part of work as mentioned in the tender for which a separate period of completion is originally given.
- 68.6 The period of delay solely attributable to contractor shall be computed as the time taken by contractor going beyond the 'justified date of completion' as determined by the authority specified in the tender under clause mentioned in the RfP. Further, in case where the contractor is entitled to additional time under clause mentioned in the RfP, that shall also be accounted for while deciding the net period of delay. In case, the authority specified in the tender decides to levy compensation during the progress of work, the period of delay attributable to contractor shall be computed (by such authority) as the period by which the progress is behind the schedule on date of such decision, after due consideration of justified extension at that stage of work.
- 68.7 In case no compensation has been decided by the authority in the tender during the progress of work, this shall be no waiver of right to levy compensation by SAI if the work remains incomplete on final justified extended date of completion.
- 68.8 If the Engineer in Charge decides to give further extension of time allowing performance of work beyond the justified extended date the contractor shall be liable to pay compensation for such extended period. The levy of compensation under this clause shall be without prejudice to the right of action by the Engineer-in-charge under clause mentioned in the RfP or any other clause in contract.
- 68.9 In case action under clause mentioned in the RfP has not been finalized and the work has been determined under clause mentioned in the RfP, the right of action under clause mentioned in the RfP shall remain post determination of contract and in such case the levy of compensation shall be for days the progress is behind the schedule on date of determination, as assessed by the authority in tender, after due consideration of justified extension. The compensation for delay, if not decided before the determination of contract, shall be decided after of determination of contract. Further, in such case where the contract has been determined, the total amount of recovery against compensation under clause mentioned in the RfP plus that under clause mentioned in the RfP (i.e. forfeiture of security deposit, performance guarantee) shall not exceed 10 % of the accepted tendered value of work.
- 68.10 The amount of compensation may be adjusted or set-off against any sum payable to the Contractor under this or any other contract with the SAI.
- 68.11 In case, the contractor does not achieve a particular milestone mentioned in tender, or the re-scheduled milestone(s) in terms of Clause mentioned in the RfP, the amount shown against that milestone shall be withheld, to be adjusted against the compensation levied as above. With-holding of this amount on failure to achieve a milestone, shall be automatic without any notice to the contractor. However, if the contractor catches up with the progress of work on the subsequent milestone(s), the withheld amount shall be released. In case the contractor fails to make up for the delay in subsequent milestone(s), amount mentioned against each milestone missed subsequently also shall be withheld. The amount so withheld can be released against BG/ FDR from a commercial bank of equivalent amount. Further, no interest, whatsoever, shall be payable on such withheld amount.

68.12 In recognition of timely and efficient execution, If the construction completion date for a facility occurs prior to the scheduled construction completion date then the contractor shall be eligible for an incentive for early completion of the of work under the contract, subject to the following conditions:

If the contractor completes the work ahead of the scheduled completion date, an incentive shall be payable at the rate of 0.75 percent (0.75%) of the contract value for each full block of thirty (30) calendar days of early completion subject to maximum of 2.25% of the contract value.

Periods of early completion less than thirty (30) days shall be disregarded for the purpose of calculating the bonus.

To qualify for any early completion incentive, the contractor shall mandatorily report the actual date of completion to the Engineer in charge. The Engineer shall confirm and communicate the actual date of completion to the SAI via fax or email within seven (7) calendar days of completion. Incentives for early completion may be offered only where a demonstrable and tangible benefit to the procuring entity is established. If applicable, such incentives shall be explicitly stated in monetary terms within the contract.

In the event that the Contractor has received any incentive or bonus for early completion of works and, during the Defect Liability Period (DLP), any defect, deficiency, or non-conformity arises in the executed works, it shall be the Contractor's responsibility to rectify such defects within the time frame stipulated by the Engineer-in-Charge. Failure of the Contractor to carry out the necessary rectification within the prescribed period shall render the Contractor liable for recovery of the incentive amount previously granted. The said amount shall be deducted from the Performance Bank Guarantee (PBG) or any other dues payable to the Contractor, without prejudice to any other rights of the Employer under the Contract.

Milestone No.	Milestone Description	Scheduled Completion	Maximum Penalty per Milestone
Milestone-1	Mobilization, approvals, drawings, barricading	End of 30 Days	0.50%
Milestone-2	Dismantling & civil modifications	End of 60 Days	1.00%
Milestone-3	Core interior & MEP rough-in works	End of 120 Days	1.50%
Milestone-4	Finishes, furniture & final MEP fixing	End of 150 Days	1.00%
Milestone-5	Testing, commissioning & handover	End of 180 Days	1.00%

68.13 Requirement of Technical Representative(s) and Recovery Rate

The Contractor shall deploy the following personnel on a full-time basis at the designated site for the duration of the contract:

Sr. No.	Min Qualification of Technical Representative	Discipline	Designation	Min Experience	Number	Rates at which Recovery shall be made from the contractor in the event of not fulfilling

Failure to deploy any of the above-mentioned resources as per the agreed schedule will result in a monthly deduction from the Contractor's payment. The deduction amount shall be calculated on a per-resource basis

68.14 CANCELLATION / DETERMINATION OF CONTRACT IN FULL OR PART

Subject to other provisions contained in this clause the Engineer-In-Charge may, without prejudice to his any other rights or remedy against the contractor in respect of any delay, inferior workmanship, any claims for damages and / or any other provisions of this contract or otherwise, and whether the date of completion has or has not elapsed, by notice in writing absolutely determine the contract in any of the following cases:

- i) If the contractor having been given by the Engineer-In-Charge a notice in writing to rectify, reconstruct or replace any defective work or that the work is being performed in an inefficient or otherwise improper or un-workmanlike manner shall omit to comply with the requirement of such notice for a period of seven days thereafter; or
- ii) If the contractor has, without reasonable cause, suspended the progress of the work or has failed to proceed with the work with due diligence so that in the opinion of the Engineer-In-Charge (which shall be final and binding) he will be unable to secure completion of the work by the date for completion and continues to do so after a notice in writing of seven days from the Engineer-In-Charge; or
- iii) If the contractor fails to complete the work within the stipulated date or items of work with individual date of completion, if any stipulated, on or before such date(s) of completion and does not complete them within the period specified in a notice given in writing in that behalf by the Engineer-In-Charge; or
- iv) If the contractor persistently neglects to carry out his obligations under the contract and / or

commits default in complying with any of the terms and conditions of the contract and does not remedy it or take effective steps to remedy it within 7 days after a notice in writing is given to him in that behalf by the Engineer-In-Charge; or

- v) If the contractor shall offer or give or agree to give to any person in SAI service or to any other person on his behalf any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or for having done or forborne to do any action in relation to the obtaining or execution of this or any other contract from SAI; or
- vi) If the contractor shall obtain a contract with SAI as a result of wrong tendering or other non-bonafide methods of competitive tendering; or
- vii) If the contractor being an individual, or if a firm, any partner thereof shall at any time be adjudged insolvent or have a receiving order or order for administrative of his estate made against him or shall take any proceedings for liquidation or composition (other than a voluntary liquidation for the purpose of amalgamation or reconstruction) under any Insolvency Act for the time being in force or make any conveyance or assignment of his effects or composition or arrangement for the benefit of his creditors or purport so to do, or if any application be made under any Insolvency Act for the time being in force for the sequestration of his estate or if a trust deed be executed by him for benefit of his creditors; or
- viii) If the contractor being a company, shall pass a resolution or the Court shall make an order for the winding up of the company, or a receiver or manager on behalf of the debenture holders or otherwise shall be appointed or circumstances shall arise which entitle the Court or debenture holders to appoint a receiver or manager; or
- ix) If the contractor shall suffer an execution being levied on his goods and allow it to be continued for a period of 21 days; or
- x) If the contractor assigns, transfers, sublets (engagement of labour on a piece- work basis or of the labour with materials not to be incorporated in the work, shall not be deemed to be subletting) or otherwise parts with or attempts to assign, transfer, sublet or otherwise parts with the entire works or any portion thereof without and prior written approval of the Engineer-In-Charge. Or:
- xi) If the Contractor submit non-genuine and invalid or fraudulent/ forge documents, Bank Guarantee etc. to SAI.
- xii) When the contractor has made himself liable for action under any of the cases aforesaid, the Engineer-In-Charge may without prejudice to any other right or remedy which shall have accrued or shall accrue hereafter to SAI, by a notice in writing, cancel the contract as a whole or only such items of work in default from the Contract.

The Engineer-In-Charge shall on such cancellation by SAI have powers to:

- a) Take possession of site and any materials, constructional plant, implements, stores, etc. thereon; and/ or
- b) Carry out the incomplete work by any means at the risk and cost of the contractor; and/ or
- c) To determine or rescind the contract as aforesaid (of which termination or rescission notice in writing to the contractor under the hand of the Engineer-In-Charge shall be conclusive evidence). Upon such determination or rescission the full security deposit recoverable under

the contract shall be liable to be forfeited and un-used materials, construction plants, implements, temporary buildings, etc. shall be taken over and shall be absolutely at the disposal of SAI. If any portion of the Security Deposit has not been paid or received it would be called for and forfeited; and/ or

- d) To employ labour paid by the Department and to supply materials to carry out the work or any part of the work debiting the contractor with the cost of the labour and the price of the materials (of the amount of which cost and price certified by the Engineer-In-Charge shall be final and conclusive) against the contractor and crediting him with the value of the work done in all respects in the same manner and at the same rates as if it had been carried out by the contractor under the terms of his contract. The certificate of the Engineer-In-Charge as to the value of the work done shall be final and conclusive against the contractor provided always that action under the sub-clause shall only be taken after giving notice in writing to the contractor. Provided also that if the expenses incurred by the department are less than the amount payable to the contractor at his agreement rates, the difference shall not be paid to the contractor; and/ or
- e) After giving notice to the contractor to measure up the work of the contractor and to take such whole, or the balance or part thereof as shall be un-executed or delayed with reference to the General Conditions of Contract Clause / relevant clause of Special Conditions of Contract, out of his hands and to give it to another contractor to complete in which case any expenses which may be incurred in excess of the sum which would have been paid to the original contractor if the whole work had been executed by him (of the amount of which excess the certificate in writing of the Engineer-In-Charge shall be final and conclusive) shall be borne and paid by the original contractor and may be deducted from any money due to him by SAI under his contract or on any other account whatsoever or from his security deposit or the proceeds of sales of unused materials, construction plants, implements temporary buildings etc. thereof or a sufficient part thereof as the case may be. If the expenses incurred by SAI are less than the amount payable to the contractor at his agreement rates, the difference shall not be paid to the contractor; and/ or
- f) By a notice in writing to withdraw from the contractor any items or items of work as the Engineer-In-Charge may determine in his absolute discretion and get the same executed at the risk and cost of the contractor.

Any excess expenditure incurred or to be incurred by SAI in completing the works or part of the works or the excess loss or damages suffered or may be suffered by SAI as aforesaid after allowing such credit shall without prejudice to any other right or remedy available to SAI in law be recovered from any moneys due to the contractor on any account such as Performance Guarantee, Security Deposit, invoices or any other dues, and if such moneys are not sufficient the contractor shall be called upon in writing and shall be liable to pay the same within 30 days.

If the contractor shall fail to pay the required sum within the aforesaid period of 30 days, the Engineer-In-Charge shall have the right to sell any or all of the contractor's unused materials, constructional plant, implements, temporary buildings, etc. and apply the proceeds of sale thereof towards the satisfaction of any sums due from the contractor under the contract and if thereafter there be any balance outstanding from the contractor, it shall be recovered in accordance with the provisions of the contract and law.

Any sums in excess of the amounts due to SAI and unsold materials, constructional plant etc. shall be returned to the contractor, provided always that if cost or anticipated cost of

completion by SAI of the works or part of the works is less than the amount which the contractor would have been paid had he completed the works or part of the works, such benefit shall not accrue to the contractor.

In the event of anyone or more of the above courses being adopted by the Engineer-In-Charge the contractor shall have no claim to compensation for any loss sustained by him by reasons of his having purchased or procured any materials or entered into any engagements or made any advances on account or with a view to the execution of the work or the performance of the contract. And in case action is taken under any of the provision aforesaid the contractor shall not be entitled to recover or be paid any sum for any work thereof or actually performed under this contract unless and until the Engineer-In-Charge has certified in writing the performance of such work and the value payable in respect thereof and he shall only be entitled to be paid the value so certified. Provided further that if any of the recoveries to be made, while taking action as per (d) and/or (e) above, are in excess of the security deposit forfeited, these shall be limited to the amount by which the excess cost incurred by the Department exceeds the security deposit so forfeited.

68.15 CONTRACTOR LIABLE TO PAY COMPENSATION EVEN IF ACTION IS NOT TAKEN

In any case in which any of the powers conferred upon the Engineer-In-Charge by relevant clause thereof, shall have become exercisable and the same are not exercised, the non-exercise thereof shall not constitute a waiver of any of the conditions hereof and such powers shall notwithstanding be exercisable in the event of any future case of default by the contractor and the liability of the contractor for compensation shall remain unaffected. In the event of the Engineer- In-Charge putting in force all or any of the powers vested in him under the preceding clause he may, if he so desires after giving a notice in writing to the contractor, take possession of (or at the sole discretion of the Engineer-In-Charge which shall be final and binding on the contractor) use as on hire (the amount of the hire money being also in the final determination of the Engineer-In-Charge) all or any tools, plant, materials and stores, in or upon the works, or the site thereof belonging to the contractor, or procured by the contractor and intended to be used for the execution of the work / or any part thereof, paying or allowing for the same in account at the contract rates, or in the case of these not being applicable, at current market rates to be certified by the Engineer-In-Charge, whose certificate thereof shall be final, and binding on the contractor and/or direct the contractor or his authorized agent to remove such tools, plant, materials, or stores from the premises (within a time to be specified in such notice) in the event of the contractor failing to comply with any such requisition, the Engineer-In-Charge may remove them at the contractor's expense or sell them by auction or private sale on account of the contractor and his risk in all respects and the certificate of the Engineer-In-Charge as to the expenses of any such removal and the amount of the proceeds and expenses of any such sale shall be final and conclusive against the contractor.

68.16 TIME ESSENCE OF CONTRACT & EXTENSION FOR DELAY

The time allowed for execution of the Works as specified in the terms of contract or the extended time in accordance with these conditions shall be the essence of the contract. The execution of the works shall commence from the 10th Day or such time period as mentioned in Letter of Intent/ Award after the date on which the Engineer- In-Charge issues written orders to commence the work. If the Contractor commits default in commencing the execution of the work as aforesaid, the Executing Agency shall without prejudice to any other right or remedy available in law, be at liberty to forfeit the earnest money absolutely.

68.7 Within 10 (Ten) days of Letter of Intent, the Contractor shall submit a Time and Progress Chart (CPM/ PERT/ Quantified Bar Chart) along with quarterly milestones and resources plan for man, material & machinery to achieve the milestones and get it approved by the Engineer-In-Charge. The Chart shall be prepared in direct relation to the time stated in the contract documents for completion of items of the works. It shall indicate the forecast (milestones) of the dates of commencement and completion of various items, trades, sections of the work and may be amended as necessary by agreement between the Engineer-In-Charge and the Contractor within the limitations of time stipulated in the contract documents, and further to ensure good progress during the execution of the work.

The compensation for delay as per Clause mentioned in the RfP shall be leviable at intermediate stages also, in case the required progress is not achieved to meet the above time deadlines of the completion period and/ or milestones of time and progress chart, provided always that the total amount of compensation for delay to be paid under this condition shall not exceed 10% of the tendered value of work”.

If the work(s) be delayed by:

- i) Force-majeure, or
- ii) Abnormally bad weather, or
- iii) Serious loss or damage by fire, or
- iv) Civil commotion of workmen, strike or lockout, affecting any of the trades employed on the work, or
- v) Delay on the part of other contractors or tradesmen engaged by Engineer-In-Charge in executing work not forming part of the Contract, or
- vi) Non-availability or break down of tools and plant to be supplied or supplied by SAI or, any other cause which, in the absolute discretion of SAI, is beyond the Contractor's control,

then upon the happening of any such event causing delay, the Contractor shall immediately give notice thereof in writing to the Engineer-In-Charge but shall nevertheless use constantly his best endeavors to prevent or make good the delay and shall do all that may be reasonably required to the satisfaction of the Engineer-In-Charge to proceed with the works.

Request for extension of time, to be eligible for consideration, shall be made by the contractor in writing within fourteen days of the happening of the event causing delay on the prescribed form.

The Contractor will indicate in such a request the period for which extension is desired. In any such case SAI may give a fair and reasonable extension of time for completion of work. The payment for centering and shuttering of such items shall similarly be paid under the item of centering and shuttering of RCC slab. Nothing extra shall be paid for the side shuttering at the edges of these projected balconies and projected verandahs. All the exposed edge shall however be finished as per specifications and nothing extra shall be paid for this.

In the item of RCC walls, railings and roofs etc. nothing extra shall be paid for making designs as per patterns given by Architects or for thickness of sections.

The rates for railing are inclusive of all the labour and the materials including of the item, portion of the railing which is embedded in the masonry or RCC shall not be included for measurements.

16.0 **PRECAST RCC**

The compaction of the concrete shall be done by vibrations, table or external vibrator as approved by Engineer-In-Charge. The rate quoted for the item shall include the element both for formwork and mechanical vibration.

The water will be tested with regard to its suitability for use in RCC work and nothing extra will be paid for on this account. The rate of item of reinforcement in RCC work includes all operations including straightening, cutting, bending, binding with annealed wire and placing in position at all the floors weight all leads and lifts complete.

17.0 **FLOORING**

The rate of items of flooring is inclusive of providing sunk flooring in bath rooms, kitchen etc. and nothing extra on this account is admissible.

18.0 **WATER SUPPLY SANITARY INSTALLATION**

Sanitary fittings, paints and other materials shall be obtained from one of the firms on the list of approved manufacturers of CPWD and shall bear ISI mark. The materials shall be tested as per provision in relevant IS codes. The contractor's rates for items involving the use of the above materials shall be deemed to cover the cost of samples.

The SCI pipe and G.I. pipe wherever necessary shall be fixed to RCC columns, beams etc. with raw plugs and nothing extra shall be paid for this.

G.I. pipes if stipulated for issue in the schedule of material can be issue in such sizes or its equivalent metric size as considered fit and the issue rate recoverable from the contractor will remain the same. The contractor will not be paid anything extra on this account and nothing will be deducted for using the size of G.I. pipes issued and the items will be paid as per agreement rate for the same item.

The contractor shall be responsible for the protection of the sanitary and water supply fittings and other fittings and fixtures against pilferage and breakage during the period of installation and there after until the building is handed over.

Water tanks, taps, pipes fittings and accessories should conform to bye-law and specification of the Municipal bodies SAI etc. The contractor should engage licenced plumbers for the work and got the material (fixtures fittings) tested by the municipal bodies/SAI authorities wherever required at his cost, the work shall be carried out according to the municipal bye-law.

The variation in consumption of material shall be governed as per CPWD specification and clauses of the contract to the extent applicable. The following specific clauses shall govern the variation in consumption of pie lead.

20.0 VARIATION IN CONSUMPTION OF PIG LEAD

20.1. The pig lead for caulking of joints of SCI pipes shall be issued as per theoretical consumption for SCI pipes of sizes 400mm, 75mm, 50mm, 0.88 kg at 0.98 kg and 0.77 kg per joint respectively. Over and above the theoretical quantities of lead as marked out, variation of 5% shall be allowed for wastage etc. Any difference between the actual consumption of pig lead and theoretical consumption worked out on the above basis/c the authorized variation shall be recovered at double the issue rate. Where the pig lead is arranged by the contractor, variation of 5% will be allowed. In case variation is on higher side 5% will be allowed. In case the variation is on lower side the quantity of pig lead used less shall be recovered from the contractor at market rate to be determined by Engineer-In-Charge whose decision in the matter will be final.

20.2. The theoretical quantity of cement to be utilized in item of concrete involving use of shingle aggregate and mixed by volume batching shall be computed on the basis of the co-efficient cement to be used in different items of the work provided in DSR 2023 reducing each of the co-efficient by 5% however where the concrete is mixed by weight batching no such reduction shall be made from the theoretical co- efficient given in DSR 2023 for concrete with crushed stone aggregate.

21.0 CONDITIONS

The contractor shall take instructions from the Engineer-In-Charge regarding collection and stacking of materials in any place. No excavated earth or building material shall be stacked on areas where other buildings, roads, services of compound walls are to construct.

The site is available and tenderer should see the approached and conditions of the same. If any approach from main road is required at site or existing approach is to be improved and maintained for cartage and materials by the contractors the same shall be provided, improved and maintained by the contractor at his own cost.

Machine made shutters shall be got approved from the Engineer-In-Charge at factory site before carting the same to the site of work. The shutter damaged during the cartage shall not allow to be used in the work and shall be removed by the contractor at his own cost and no claim whatsoever shall be entertained in this regard.

22.0 CLARIFICATION REGARDING PLINTH LEVEL

The following works shall be treated as works relating to foundations:

- a) For buildings, compound walls, plinth level (or) 1.2 meter (4 feet) above ground level whichever is lower excluding items of flooring and DPC but including base concrete below the

floors.

- b) For abutment, piers, retaining walls of culverts and bridges, wall of water reservoirs. The floor level or where floor is not determinate upto 1.2 metre above bed level.
- c) For retaining walls where the floor level is not determinate upto 1.2 meters above average ground level or bed level.
- d) For roads all items of excavation and filling including treatment sub base and soiling work.
- e) For water supply lines, sewer lines, underground storm water drain and similar works, all items of work below ground level except items of pipe work and masonry work.
- f) For open storm water drains all items of work.

23.0 TESTING OF MATERIALS:

- a) The contractor shall produce all the materials in advance so that there is sufficient time for testing of the materials and clearance of the same before use in work.
- b) Samples of various materials required for testing shall be provided free of charge by the contractor. Testing charges, if any, shall be borne by the contractor. All other expenditure required to be incurred for taking the samples, conveyance, packing etc. shall be borne by the contractor himself.
- c) In case there is any discrepancy in frequency of testing as given in list of mandatory tests and that in individual sub-heads of work as per CPWD specifications 2019 (Vol. I & II) or latest edition the higher of the two frequencies of testing shall be followed and nothing extra shall be payable to the contractor on this account.
- d) The contractor shall be responsible to arrange at his own cost all necessary tools and plants required for execution of the work.
- e) With a view to avoid controversy about quality of cement concrete as revealed in the test results of 7 days cubes falling short of the prescribed standard by over 10% and 20% and pending testing of balance 3 cubes for 28 days as final confirmatory acceptance test crushed samples of cement concrete from the failed 7 days cubes should be preserved in a sealed bag.

The date of completion for the above mentioned work, is as stipulated in the agreement, dated

Extension of time for completion of the above-mentioned work is granted up to _____, without prejudice to the right of SAI to recover compensation for delay in accordance with the provision made in the relevant Clause (s) of SAId agreement dated the ____/____/_____. It is also clearly understood that SAI shall not consider any revision in contract price or any other compensation whatsoever due to grant of this extension.

Provided that notwithstanding the extension hereby granted, time is and shall still continue to be the essence of SAId agreement.

Yours faithfully,

FOR SAI

LIST OF APPROVED MAKES

Note: The Contractor shall obtain prior approval from Engineer-In-Charge before placing order for any specific material or engaging any of specialized agencies. The contractor shall make a detail submittal with catalogues and highlighted proposed specifications as well as full details of the works executed by specialized agency as specified.

Wherever applicable the contractor may use approved makes of material/ items provided by CPWD/MoRTH/WA with prior approval from SAI/Engineer in Charges, provisions and guidelines issued thereof.

The contractor shall execute the whole and every part of the work in the most substantial and workmanlike manner both as regards materials and otherwise in every respect in strict accordance with the specifications. The contractor shall also conform exactly, fully and faithfully to the design, drawings and instructions in writing in respect of the work issued by the Engineer-in-Charge. Contractor shall be furnished free of charge one copy of the contract documents.

SAI shall approve or provide comments on the submitted approval request within fifteen (15) calendar days from the date of submission. In the event that SAI fails to approve or respond within the stipulated timeline, the delay shall be deemed excusable, and the contractor shall be entitled to an extension of time equivalent to the number of days exceeding the ten-day approval period.

Such extension shall not attract any penalties and shall be considered while assessing the overall project timeline. The contractor shall maintain records of submission and communication to support any claims for time extension due to delayed approvals.

PAYMENT TERMS & STAGES OF PAYMENT

As per GCC mode of payment, Monthly on account bills will be generated by the contractor. The payment will be made as per actual work done by the contractor (Based on Measurement book records and the recommendation of Engineer in charge). Final Bill will be generated after the completion of the work (To be certified by the Engineer in charge)

The running account bills shall be submitted by the contractor for the work executed on the basis of such recorded measurements as per the format of the Department in triplicate on or before the date of every month fixed for the same by the Engineer-in-Charge.

The contractor shall not be paid any such interim payment if the gross work done together with net payment/ adjustment of advances for material collected, if any, since the last such payment is less than the amount specified', in which case the interim bill shall be prepared on the appointed date of the month after the requisite progress is achieved. However, to expedite the progress of work, Engineer-in-Charge, on the request of contractor, may make interim payment(s) even before the net payment limit.

In such case(s) no interest / compensation shall be recoverable from contractor. Such payment by Engineer-in-Charge shall not be construed as waiver of limit specified for subsequent interim payment(s). Engineer-in-Charge shall arrange to have the bill verified. In the event of the failure of the contractor to submit the bills, no claims whatsoever due to delays on payment including that of interest shall be payable to the contractor. Payment on account of amount admissible shall be made by the Engineer-in-Charge certifying the sum to which the contractor is considered entitled by way of interim payment at such rates as decided by the Engineer-in-Charge. An amount of ad-hoc payment not less than 75% of the net amount of the bill under check, shall be

made within 10 working days of submission of the bill. The remaining payment is also to be made after final checking of the bill within 28 working days of submission of bill by the contractor. In case of delay in payment of intermediate bills after 30 days of submission of bill by the contractor, provided the bill submitted by the contractor found to be in order, a simple interest @ 5% (five percent) per annum shall be paid to the contractor from the date of expiry of prescribed time limit.

No Running Account Bill shall be paid for the work till the applicable labour licenses, registration with EPFO, ESIC and BOCW Welfare Board, whatever applicable are submitted by the contractor to the Engineer-in-Charge.

The final bill shall be submitted by the contractor in the same manner as specified in interim bills within three months of physical completion of the work or within one month of the date of the final certificate of completion furnished by the Engineer-in-Charge whichever is earlier.

No further claims shall be made by the contractor after submission of the final bill and these shall be deemed to have been waived and extinguished. Payments of those items of the bill in respect of which there is no dispute and of items in dispute, for quantities and rates as approved by Engineer-in-Charge, will, as far as possible be made within the period of three months the period being reckoned from the date of receipt of the bill by the Engineer-in Charge.

If the final bill is submitted by the contractor within the period specified above and delay in payment of final bills is made by the department after prescribed time limit, a simple interest @ 5 % (five percent) per annum shall be paid to the contractor from the date of expiry of prescribed time limit, provided the final bill submitted by the contractor is found to be in order.
